"MacArthur and I Agreed"—Plans for a six months' stand on Bataan, by which time aid from the United States would arrive, were agreed on by Gen. Douglas MacArthur and Gen. Jonathan Wainwright, although they both felt it was a defeatist plan. Gen. Wainwright tells of this fact and many other hitherto unpublished events in TODAY'S chapter of HIS OWN STORY. Deadlock on Coal, Other Strikes Ease

The government today renewed efforts to end the soft coal strike, biggest trouble spot in the national labor situation which elsewhere was brighter than last week. There were indications that the strike lines, which hit a record high of some 550,000 last week, would drop to around 350,000 if back-to-work orders this week were obeyed.

Other developments included the ignoring of a strike call by 3500 New York metropolitan area express truck drivers, and the failure of thousands of New York longshoremen to return to work and break a tieup of port shipping.

As the soft coal conferences were resumed in Washington, John L. Lewis, leader of 163,000 miners away from thep its, was absent. He was expected to join the conferees later today.

The strike has shut down some 600 pits in Pennsylvania, West Virginia, Ohio, Kentucky, Tennessee and Indiana and has threatened to spread nationally.

In response to an appeal from President Truman, 3500 express truck drivers and helpers in the New York Metropolitan area reported for work despite their plans for a strike early today.

Mr. Truman said a stoppage "might deprive a large section of the country of essential transportation" and asked the men to work pending an investigation of their dispute with the railway express agency.

In Detroit, back-to-work movements affecting more than 65,000 workers started in the Ford and Hudson motor plants and the Kelsey-Hayes Wheel Co. factory. The situation there was the brightest in weeks during which about 80,000 persons were off the job in the automobile industry.

IN Washington, the National Labor Relations Board announced receipt of a strike notice from the United Automobile Workers Union affecting 51 plants of the Ford Motor Co. Date of the strike vote has not been set, NLRB said.

In Windsor, Ont., however, the strike of approximately 10,000 Ford employes became more serious when factory power plants were shut down.

Other minor disputes kept about 3750 on the sidelines in the Detroit metropolitan area.

Returns to wor kover the nation included the 43,000 oil workers in 51 refineries and plants in 15 states, seized by the government after collapse of negotiations on a CIO union's demand for a 30 per cent wage rate increase.

New Oil-Gas Strike Threat Fades as Hub Trucks Roll

Threat of a resumption of last week's walkout of CIO oil workers apparently dissolved today as the workers remained on their jobs and kept deliveries of gasoline and fuel oil rolling.

The warning of a resumption of the strike unless the Navy took over oil plants in Boston and Braintree was from Raymond Clark of the international executive board of the Oil Workers' International Union.

His announcement came after a Quincy meeting with members of two locals, representing workers in the plants of the Cities Service, Amoco, Jenney and Quincy Oil companies and several independent transportation companies.

He said that while President Truman's order to the Navy to seize strike-bound oil plants placed the Navy in control of the Boston firms, actually no such seizure had been made.

"The First Naval District has given us no instructions to date," Clark said, "and unless it does so soon, we will assume that the plant owners still are in control. That will mean another walkout."

The "back to work" order did not include 42 union members employed at Shell Oil Co. plants in Waltham and Cambridge, who have been on strike almost two weeks in protest against the discharge of a union business agent at the Waltham plant.

Film Strike Riot Puts 14 In Hospital

HOLLYWOOD, Oct. 8 (AP)—Two policemen and 12 strikers were injured today and sheriff's officers arrested seven other strikers after a wild fight atthe entrance to Warner Brothers studio. The fight ensued as officers charged a mass group of 200 pickets and cleared a passageway for studio workers.

Sheriff's Inspector Jack Henry said one of the pickets arrested, a woman, was charged with carrying a concealed weapon—a blackjack.

Lawyers for the strikers said thehy would ask the courts for a warrant against the studio, charging false arrest.

Approximately 150 police and sheriff's deputies and the pickets fought for about 15 minutes as the officers, using night-sticks but no tear gas, cleared a way through the movie strikers and formed a double line through which the workers passed.

Witnesses said some pickets used canes and clubs. Two ambulances took wounded pickets to hospitals.

Following the affray approximately 350 studio workers passed into the plant through the passageway formed by police.

Pickets fell back and picketing was discontinued. Then a battle of loudspeakers began, with one in the studio exhorting workers to report to jobs and one outside operated by the AFL Conference of Studio Unions, urging them to stay outside.

British Fly Hess To Crimes Trial

LONDON, Oct. 8 (AP)—The British Air Ministry announced today that Rudolf Hess had left England in an RAF plane this morning for Frankfurt on the first leg of a journey to Nuernberg, where he will stand trial as a Nazi war criminal.

The erstwhile No. 2 Nazi, who parachuted down on the Scottish moors in May, 1941, was driven from his place of detention to the airfield in a British army car, with the blinds drawn.

Unshaven and impassive, Hess appeared much thinner than his most recent photographs. He was wearing a gray civilian suit and gray slouch hat.

Hess was accompanied by one army guard, a medical officer and attendant, and an official of the Allied War Crimes Commission.

Old Glory Flying Atop Fujiyama

TOKYO, Oct. 8 (AP)—Old Glory flies today from Fujiyama—planted there Sept. 21 by a valiant band of 10 officers and enlisted men of the 27th Infantry Division after a tortuous climb in snow, wind, hail, fog and rain.

The rare atmosphere at the top of Japan's 12,365-foot sacred mountain played tricks on their vision, the climbers said. Stones and shoes appeared green-blue. Eyeballs burned. Heavy fog cut their vision to arm's length.

ROLLING AGAIN—Assembly lines of the Ford Motor Co.'s River Rouge plant, Detroit, move again with 1946 model passenger cars taking shape after production was twice halted by strikes in feeder plants. Say Atom Might Wipe Out U. S.

WASHINGTON, Oct. 8 (AP)—Dr. Irving Langmuir said today science is rushing forward so fast that within 20 or 30 years a button pushed in Russia might destroy every living being in the United States.

Dr. Langmuir, a General Electric physicist, was a witness before point hearings of the Senate military and commerce committees on a proposal for broad federal aid to scientific development.

Sen. Fulbright (D.) of Arkansas asked Dr. Langmuir whether he thought there might some day be mutual agreements between countries for inspections to determine that such terrible weapons as the atomic bomb are not being manufactured.

"That is the only way I can conceive of that our government can be secure in 10 or 15 years," the scientist replied.

Russian science is booming, he declared, "and 10 or 20 years from now, the Russians may be far ahead of us."

Tendencies in the nUited States are developing—he mentioned "the 30 hour week" specifically—which Dr. Langmuir said threaten to "hold us back, although so far we have outdistanced Russia."

Perhaps within 20 or 30 years, he said, just pushing a button could destroy, "not only our cities, but every man, woman and child in the United States."

Replying to a question, Dr. Langmuir said there is no defense to the atomic bomb, other than destroying the means by which it is carried.

Moreover, he said "there is no possibility of permanently keeping the secret of the atomic bomb."

A lead of "only a few years" over other countries is the most that can be expected, "Langmuir said. That now that the war is over, "the Russian government places A-1 priority on science." He continued:

"I believe Russia is planning to embark on a program of scientific research and development greater than that contemplated by any other government."

Discussing Russia's scientific program, Langmuir gave this summary:

"The Russians give the impression of being a strong, rough people with the spirit of pioneers. They are proud of their acccomplishments during this war.

"They have a remarkable system of incentives.

'They have no unemployment.

"They have no strikes.

'They have a deep apreciation of pure and applied science and place a high priority on it."

Langmuir and Dr. Isaiah Bowman, president of Johns Hopkins University, both emphasized that America must not lag in the parade of scientific progress.

Escaping Steam On Bus Sends Five to Hospital

Five persons, including a state representative, were hurt today when clouds of steam mysteriously filtered through a Providence-to-Boston bus in Center st., West Roxbury.

Taken to Faulkner Hospital were:

KELLY, Rep. Frank, 50, of Bank st., North Attleboro, scalded right hand.

EAMMELLO, Mrs. Flora, 33, of Wrentham, sprained left knee.

STARKEY, Mrs. Lillian F., 50, of North Attleboro, scalded left foot.

WATSON, Harkensworth, 75, of Walpole, scalded right ankle.

WATSON, Mrs. Jennie, 73, his wife, both legs scalded.

Other passengers on the vehicle were being examined to learn if they were injured in the freak accident.

Navy Task Force Heading Home

BALBOA, C. Z., Oct. 8 (INS)—Task Force 11—the great Navy armada en route home from the victory over Japan—began putting through the Panama Canal today to start on the last leg of the journey to the eastern seaboard.

The first contingent of the force was sighted by naval planes 200—miles from the canal yesterday. It consisted of 28 ships, including five battleships, three aircraft carriers and three cruisers. Seventeen destroyers flanked the big ships.

Wainwright's Fib to Wife: 'Only Short Separation'

By GEN. JONATHAN M. WAINWRIGHT

(Copyright, 1945, King Features Synd., Inc. Reproduction in whole or part strictly prohibited

So I was on my own. And sitting there in the little boat that carried me back to Bataan on March 10, a month before the peninsula fell, it would have been easy to yield to the vaguely sickening loneliness of the doomed.

But I put that sensation out of my mind and made myself think of the tasks that lay ahead, as the commander of all of Bataan's forces. One of the sternest of these would be telling my men that their top commander had left. I found myself wondering how they would take it, and I resolved to see to it that they understood as I understood.

THIS IS MY STORY

(Editor's Note: This is the second of a series of articles by Gen. Jonathan M. Wainwright, one of the greatest figures in U. S. military annals, who told yesterday in the Boston Sunday Advertiser of his dramatic last meeting with Gen. Douglas MacArthur—a month before the fall of Bataan. In today's article, and a number to follow, Gen. Wainwright traces the tragic circumstances through which undertrained and badly equipped Americans and Filipino troops eventually were brought face to face with a modern, fanatical foe.)

I thought, too, as we neared Bataan again, of the steady deterioration of our country's position in the Philppnes from the date of my arrival in November, 1940, up to today's discouraging low. I could trace that decline now in my mind as clearly as I could trace the outline of Mariveles, and even the spoken words of those 15 previous months took substance again.

To me, a soldier, the assignment to the Philippines at the end of 1940 was the realization of a considerable goal. I had had commands before in my life, but never one as important as this to which the War Department assigned me in 1940: commander of the Philippine Division. They put another star on my shoulders, making me a temporary major general. Such things are deeply moving in the life of a regular Army man. Promotions are an army man's life and sustenance; promotions and opportunities to distinguish himself. Like so many others of my generation I had been a second lieutenant for six years after emerging from West Point in 1906; a first lieutenant for four more years.

Manila, in 1940, represented a great opportunity for me. Under my command were about 7500 men, the vast majority of them Filipinos in the American Army. There were the 45th and 57th Infantry regiments; the 24th Field Artillery, one battalion of the 23d Field Artillery, the 14th Engineers, the 12th Medical Regiment, the 12th Quartermaster Battalion and the 31st Infantry—the latter an all-American outfit.

My Filipino soldiers were Philippine Scouts, fine fighters and equipped as well as our Army was equipping anybody else at that time. Many of them were sons of men who had fought against the United States in the insurrection, but who had later been formed into the Scouts. They were tough, hard, well-trained, and though there were only about half as many as the maximum permitted by U. S. law—12,000—I quickly saw that I had the nucleus of a good, proud, intelligent force.

In addition to that force there were four small regiments of harbor defense troops on the four fortified islands at the entrance to Manila Bay, and the 26th Cavalry, which eventually was to fight as few cavalry units ever fought—and whose gallant horses' flesh was eventually to sustain life in those of us who survived.

GEN. JONATHAN M. WAINWRIGHT

There was another force in the Philippines at the end of 1940. This was the Philippine Army, then being trained under the direction of MacArthur. He had retired from the United States Army after his long tour of duty as chief of staff under Presidents Hoover and Roosevelt and had accepted the post of commander-in-chief of the Philippine Army.

MacArthur's rank then was Field Marshal of the Philippine Army. With the aid of the Philippine government's conscription act he was slowly putting together the army that was to take over the defense of the islands after the American forces withdrew in 1946, under the terms of the Philippines Independence Act.

It was slow and tedious work for MacArthur, handicapped by lack of funds and equipment.

MacArthur was training two installments of Filipinos each year, devoting five and a half months to each group. Their training was largely individual. There was not much field training for these men, nor any great deal of training in the use of weapons.

In fact, it was not until the summer of 1941 that any unit training was attempted, and that was only for a period of about two weeks and was only in the smaller units. The mass of them—so soon to fight—had none of the cooperative training so necessary in the building of the infantry-artillery team.

My chief association with MacArthur during this early period was social, plus the fact that I furnished his Philippine trainees with drill grounds and rifle ranges at Ft. McKinley, the post I commanded.

In my talks with MacArthur that winter of 1940-41, the question of war with Japan rarely arose. He had no information at that time to indicate the approach of Japan's attack, and I certainly had none. It was not until the spring of 1941 that I got the feeling in my bones that war was inevitable.

Of course, both of us had been schooled for years before that in the theoretical problem of fighting Japan, just as all graduates of the War College and the Command and General Staff Schools are instructed.

We were thoroughly familiar with WAR PLAN ORANGE, NO. 3 (or WPO-3, as it was condensed).

WPO-3, a variation of a plan about 20 years old, was this:

In the event of a successful Japanese landing on the main island of Luzon, the Philippine Division and the Philippine Army, if unable to beat off the landings and subsequent advances of the theoretical enemy, were to fight delaying actions and withdraw into Bataan peninsula. The plan envisioned a six-month stand on Bataan, by

$200,000 Bail Set For Safe Suspects

Five suspected safebreakers today were ordered held in bonds totaling $200,000 and a Brighton theater manager identified pictures of three State Prison parolees as the gunmen who robbed him of $1000 as Boston police continued the intensive drive to break the month-old crime wave.

In Roxbury court, Joseph E. Keyes, 36, of Topliff st., Dorchester; John Eppich, 31, of Tremont st., South End, and William G. Gallagher, 28, of Philadelphia, Pa., were charged with breaking into the LalimePartridge Auto Co. quarters in Boylston st., Back Bay, and stealing an auto and a safe containing $73.

Judge Samuel Eisenstadt continued the cases until Oct. 15 and ordered them held in bonds of $40,000 each.

Two others nabbed in a dramatic six-mile boat chase in Dorchester Bay, Edward J. Rasmussen, 45, of Adams st., Dorchester, and Francis M. Feeney, 32, of West st., Hyde Park, were arraigned in Dorchester court on charges of possessing a machine gun, a shotgun, and burglar tools.

They pleaded not guilty and their cases were put over to Oct. 15. Judge William G. Lynch ordered bonds of $40,000 each.

In still another arraignment, Michael J. Binkiewicz, 29, of Grove st., West End, pleaded not guilty in Waltham court to a charge of armed robbery of Stewart Liquor Mart, Main st., Waltham, Sept. 29.

His case was continued to Oct. 15 and Judge P. Sarsfield Cunniff set bail at $1000.

Police said the three gunmen, who held up the Egyptian Theater, close to Brighton police station, were believed to be involved in the $2200 robbery at Haffenreffer Brewery Co. and the holdup of the McCarthy Milk Co., which netted $1400.

While a special crime cleanup squad tracked the trio in its known haunts, other officers probed the $10,000 diamond robbery from the showroom of the Barry & Epstein jewelry firm in Washington st., and the $4500 theft from a former Army officer's car.

In Municipal Court today, John J. Hurley of Savin st., Roxbury, was found guilty of robbing Arthur L. Smith of Waterson ave., Quincy, of jewelry worth $205 and Judge Frank W. Tomasello imposed a one-year jail term. Hurley appealed and was held in $2000.

In Malden, meanwhile, police reported that the pluck and daring of Miss Dorisanne Kelley, 18, Regis College freshman, foiled an attempt last night by a sport coat-clad youth to rob her father's drug store in Pleasant st. of $200.

Replacements Sail As GI Vets Dock

Commonwealth Pier took on a "hello-good-by" aspect today as the S.S. Laconia Victory, returning with 1971 battle-tested European veterans, docked stern to stern with the S.S. Wakefield, which is loading 6643 infantry replacements for occupation duty in Germany.

The first contingent of 1638 replacement troops started aboard the Wakefield at 8 a. m. and was busy on policing details when the Laconia Victory warped into the pier.

A sudden hush descended on the troops aboard the Wakefield while the returning veterans jibed them with calls of "Hello, infants!" and "Want some addresses?"

Most of the replacement troops going aboard the Wakefield are from New York and Pennsylvania, although a few New Englanders were scattered among them. The majority were pleased at being assigned to European instead of Pacific area occupation

Included among them was Pvt. George Kippenhaur, 25, of Dana st., Cambridge, who had requested the overseas assignment after four years' service, mostly as an MP guarding prisoners of war at Ft. Devens and Camp Edwards.

Another was Pvt. Edward Parolisa, 28, of Lawrence st., Lawrence, father of two children, who has been in service six months.

"This ought to be quite an experience," he said, "but I'd rather be home with my family."

There was also Pvt. Melvin Cohen, 18, of Greenock st., Dorchester, who has been in service seven months. He has two older brothers, one discharged and the other in the process of discharge from the service.

"I'm glad to get a chance to go to Germany instead of Japan," was his reaction.

The main body of the replacement troops will go aboard tomorrow after being brought here from Camp Myles Standish.

The returning veterans began to troop off the Laconia Victory soon after she reached the dock.

First to step ashore was Maj. Robert S. Lowry of Lincoln st., Newton, returning after 18 months of overseas service with the Third Army.

Vet, Brother Pay $165 Fines

Former Army Sgt. Frank H. Ellis, 25, of Adams st., Dorchester, won three Battle Stars for the good hitting he did in World War II, but the clout he gave Special Officer Edward Doyle of Concord cost him $115 in district court there today.

He appealed, as did his brother, Arthur, 34, who was fined $50 for driving so as to wobble and having partaken unduly of the cause thereof, but after consideration they withdrew the appeals and paid.

The night of Sept. 26, Officer Doyle testified, Arthur drove into Concord in such an erratic manner he felt it his duty to stop the car. Observing the battle stars on Frank, he said, he thought justice would be served if he took the automobile key and advised the sergeant to thumb it the rest of the way to Ft. Devens.

But Frank hauled off and gave him such a wallop he had to spend the following eight days in Emerson Hospital, where they fixed up his black eye and cuts thereunder, Doyle said.

Navy Officer Dead And WAVE in Coma

NEW YORK, Oct. 8 (AP) — A Navy lieutenant was found dead and a WAVE lieutenant unconscious in a room at a downtown hotel and police identified them as Lt. John Gerald Mooney, 37, Washington, D. C., and Lt. (j.g.) Pauline Elizabeth Rupp, 34, San Francisco.

Police said that Lt. Rupp telephoned a doctor at Bellevue Hospital shortly after 2 a. m. and asked him to "come right over." The doctor found the bodies of the two lieutenants, fully clothed, on the floor.

Lt. Mooney was pronounced dead, but the cause of death was not revealed.

Lt. Mooney was in the process of being discharged from the service. Police said his wife lives in Washington.

WAVE Lt. Rupp, assigned to the U. S. Marine Corps, was a graduate of New York University Medical School, and had interned at Bellevue Hospital.

Both lieutenants registered in separate rooms at the hotel Friday, police said, but later that day re-registered and were given a double room.

Police found several pills on the bed and several more tablets in an envelope.

In Washington, Mrs. Mooney said she had talked to her husband last week and that he told her Lt. Rupp was on her way East to be discharged from the Navy. She said she did not know what her husband's plans were but was certain was no thought of suicide.

"He could have had a divorce anytime he wanted it," she told a reporter. "His mother is 70 and lives only for her son. This news will kill her."

The Mooneys have no chidren.

Once Richest Man in N. H., Found Guilty in $300 Theft

Oscar A. DuPont of Church st., Berlin, N. H., once had so much money that if he were throwing a party he would think nothing of sending to South America for the rarest of orchids, according to his counsel.

But today DuPont was found guilty in municipal court of a $300 larceny from Stanley L. Rudnick, Kilsythe st., Brookline. Judge Frank W. Tomasello placed him on probation for six months and held him in $1000 bail as a fugitive from justice in San Bernardino, Cairo. The court was also informed DuPont is under bail of $2000 in Cambridge as a fugitive from Washington, D. C.

DuPont, falling upon orchidless days, had a "mania" for writing checks, said his attorney, Joseph F. McDonough. He told Judge Tomasello:

"This man at one time had more money than you or I will ever see. He was the richest man in New Hampshire. He entertained lavishly. When he gave a party he would think nothing of having the rarest of orchids sent to him from South America."

McDonough said DuPont's friends had paid off $2500 of indebtedness incurred by him.

Curtis A. Allen, Manchester, N. H., businessman, testified in DuPont's behalf. He said of himself and other friends of DuPont:

"We have decided to chip in and restore him to society."

Testimony was that DuPont's inclination to make free with money not his own was enlivened by imbibing to much.

The $300 larceny from Rudnick, the latter testified, was on an occasion when he had long distance reservations waiting for him at the South Station and DuPont offered to pick them up, accepting the $300, then vanishing.

Rudnick said DuPont telephoned him a year later and apologized.

Laval Sulks In Dungeon

PARIS, Oct. 8 (AP)—Pierre Laval was reported by court attendants to be locked in a dungeon beneath the Palais de Justice as the fourth day of his treason trial started late without the swarthy defendant on hand.

Part of the hour and 33 minutes' delay was caused by the absence of one of the resistance jurors, Jean Germinal. He was replaced by one of the two remaining substitutes. Twelve of the jurors are from parliament; the other 12 from the resistance movement which opposed Germany and the Vichy government.

Juror Georges Levy-Alphandary announced yesterday he was tired and would not attend further sessions.

Army Release For All 2-Year Men in March

WASHINGTON, Oct. 8 (INS)—Brig Gen. Robert W. Berry, acting assistant chief of staff for personnel, indciated today that the point system for discharges would be dropped in March and the Army would then demobilize all men with two years' service.

The War Department represenative informed the House military committee that this was probably the earlise date at which the new system could be placed in effect.

The only two-year men who will be discharged before March, Berry indicated, are servicemen with sufficient points and those deemed "surplus" to Army requirements.

Men will not be discharged as "surplus," explained Berry, unless they are (1) deemed to be not usable in their present skills, (1) do not have sufficient time left for retraining in another skill, and (3) are not subject under present regulations to overseas duty.

Probe of YD Vets on Labor Detail Promised

WASHINGTON, Oct. 8 (AP)—The Army promised today to investigate complaints that 580 high-point combat YD veterans from New England have been assigned to labor duty in Great Britain.

Brig. Gen. Robert W. Berry made the promise to the House Military Committee after a protest was voiced by Rep. Clason (R.) of Massachusetts.

Clason told Berry at a committee hearing that the 580 men were scheduled to be sent back to the United States in June, but had been sent to England, instead.

He said they formerly were attached to the 26th (Yankee) Division, but had been assigned in July to the 701st Tank Battalion for labor duty.

Dogs Lose Trail Of Fugitive Boy

NORTH PROVIDENCE R. I., Oct. 8—With bloodhounds failing to hold the scent, state and local police today ringed the Providence-Cranston district in their hunt for Vincent R. Massotti, 17, escapee from Sockanosset School.

Recaptured after many months of freedom, the youth was in police hands only briefly when he seized a revolver from a desk in police headquarters here and again was on his way.

Killer in Collapse At Doctor's Suicide

SAN FRANCISCO, Oct. 8 (AP)—Dr. John H. Mansfeldt has joined in death the nurse his wife has been charged with murdering in a tragic climax to a supposed love triangle. The body of the 48-year-old San Francisco physician was found in his car, parked at the top of a cliff in a remote picnic ground 19 miles from here.

Deputy Coroner Ida M. Lasswell said he had been dead for three days. Evidence showed he had taken his own life with a powerful poison within a few hours of the time his wife, Annie Irene, 45, had been charged with the murder of Mrs. Vada Martin.

Mrs. Mansfeldt collapsed in the city jail when she was told of her husband's death.

"I killed him. I killed my husband! Nothing can help me now. I killed him and I wasn't even right. He's gone and I loved him so," she screamed.

"Oh, what will happen to my poor babies? (Her three teen-age children.) My whole life is gone . . . I'm dead inside."

At first the stricken woman refused treatment, but later she was transferred by court order to a psychopathic ward."

Discovery of Dr. Mansfeldt's body ended a statewide search for the physician after his disappearance Thursday. He had appeared for a few moments at the Central Emergency Hospital to identify his wife, stared briefly and silently at her and then drove away.

There was no suicide note in the car.

Mrs. Mansfeldt will appear in municipal court Wednesday for a hearing on the murder charge.

The three Mansfeldt children, Irene, 15; John, 14, and Terry, 12, are being cared for by relatives.

JANE, TONI AND SUZAN MORRISON
Birthdays Have Special Significance

3 Sisters Argue Birthday Merit

Jane, Toni, and Susan, the anniversary trio of Acton, wonder which is proudest when her birthday arrives.

The daughters of Mr. and Mrs. Richard C. Morrison, of Great rd., Acton, they each think their own day is the most important.

Saturday Jane was 9 years old. The little fifth-grader had a celebration with her Dad. He was also born Oct. 6.

"That's nothing," said Toni at the birthday party. "I'll be 7 on New Year's Day, the day Mother and Dad will be celebrating their 11th wedding anniversary"

Susan announced to the birthday guests that she thought she had really done them one better.

"I'll be 6 on Mama's birthday, Jan. 17. We have the happiest birthday because there's always something double to be happy over."

AP RE-HEARING DENIED

WASHINGTON, Oct. 8 (INS)—The Supreme Court today denied a re-hearing of its decision last June holding that the Associated Press must amend its by-laws governing the admission of members.

Wake Up Hub, Airport Advice

Asserting that Boston had been "rather studip" so far, H. A. Highman of United Airlines told a legislative commission studying aviation problems today that the city and State must get to work if they expect to make a success of the Logan Airport.

"You've got to get on to yourselves and sell the airport," he said. "It's obvious that you can't put across a product if you don't get out and sell it. The thing has been handled rather stupidly so far."

He warned that LaGuardia Field, built in anticipation of aviation developments 10 years ahead, already was congested and that the same thing was likely to happen in Boston.

He said his own company did not contemplate any trans-atlantic flights from Boston but expected to represent some foreign companies which would make flights to Boston.

He urged that Bedford Airport be considered in the program for developing Logan Airport, adding that a god road leading to Bedfor dwas needed. Provision also should be made immediately, he said for more transportation between Boston and both Logan and Bedford airports.

Public Works Commr. Herman A. MacDonald told the commission he expected one 6000-foot runway, under construction at Logan Airport, to be completed within 30 days. Another 6000-footer and two 4000-foot runways would be ready by Jan. 1, he added.

He said there also was a possibility that the Army would give up Bedford airport by Oct. 15.

Earlier in the hearing, State Aeronautics Director Arthur H. Tully, Jr., had declared it would be "touch and go" whether the airport would be ready to handle large trans-Atlantic planes when three airlines were ready to start operations in a few weeks.

Officials of Pan American Airlines, one of the three, had informed him, he said, they would need two 6000-foot runways here to handle their flights.

3 Robbers Given Long Prison Terms

Two Augusta, Me., men were given prison terms by Judge Abraham E. Pinanski today when they pleaded guilty in Middlesex Superior Court to robbing a Jamaica Plain taxicab driver. An 18-year-old Woburn youth was sent to Concord Reformatory on a similar charge.

Perley R. Seeley, 27, father of five children, was sentenced to three to five years and William A. Patten, 29, was given five to seven years.

Judge Pinanski imposed a reformatory term of five years and a day on Edward M. Diamont of Lake ave., Woburn, on a charge of robbing Leon R. Morse of Pierce st., Everett, a taxi driver, last May.

Last Rites Held For Louis B. Adams

Funeral services for Louis B. Adams, 65, for 25 years a Boston newspaperman, were held at Waterman's Chapel, Kenmore sq., today, with the Rev. David W. Norton of St. Stephen's Episcopal church, South End, officiating.

Attending the services were representatives of the Boston Record-American and the Boston Post, with which he formerly was connected as a reporter and desk editor, as well as a delegation from the Joseph Warren Lodge of Masons. Burial was in Mt. Hope Cemetery.

Salvation Army Drive Still Short

Results of the Salvation Army's drive for $400,000 were announced today at a luncheon at the Parker House. To date the Army has raised $358,680, but officials hope that further donations during the next few weeks will bring the amount beyond the quota.

Gallarelli Given 12-15 Year Term

Samuel J. Gallarelli, 24, of Windsor st., Medford, former bookie and ticket speculator, was sentenced to 12 to 15 years in Middlesex district court today for the manslaughter of an ex-convict, John E. MacKenzie, 39, of Quincy, during a fight in Gallarelli's home Jan. 17.

The State had asked the jury for a verdict of first degree murder but the manslaughter finding was returned Friday night, for sentencing by Judge Abraham E. Pinanski today.

Dist. Atty. George E. Thompson recommended a term of 18 to 20 years.

Wash Mark Nips Killer of Dancer

NEW YORK, Oct. 8 (AP)—Police played a cat-and-mouse game for weeks with a suspect before making an arrest in the slaying of Solon Burt Harger, internationally-known cafe dancer, whose dismembered body was recovered from waters around New York city.

Solon Burt Harger — Walter Dahl Accused

Officers disclosed today an indelible laundry mark on a sheet wrapped around the torso led them to Walter H. Dahl, Jr., 30, a freight solicitor and roommate of Harger's.

7 Held in Fracas At Revere Cafe

Seven men, three of them servicemen, pleaded not guilty in Chelsea District Court today to charges growing out of a wild battle with police in the Coral Cafe, Revere Beach blvd.

Joseph F. Costa, 26, of Fleet st., North End, pleaded not guilty to charges of assault and battery on a police officer and was held in $100 bail by Judge W. McLeod for hearing Oct. 16.

Revere Patrolman Ode Sutton and Metropolitan Patrolman John Smith told the court they were attempting to arrest Costa when they were "jumped" by six other patrons. A riot call brought reserves and resulted in the seven arrests.

The other six, who pleaded not guilty to charges of attempting to rescue a prisoner, were as follows: Angelo Angello, 26, of Bridgeham st., Watertown; Frank Bono, 19, of Lewis st., East Boston, Serafino Cardinale, 21, of Salem st., North End; Joseph DeRosa, 21, of Marion st., East Boston¼ Anthony Farrinella, 24, and James Cicerone, 26, the latter of Fleet st. ,North End. Each was held in $100 bail for hearing Oct. 16.

10TH, 16TH ARMORED START

PARIS, Oct. 8 (AP)—The U. S. 10th and 16th Armored divisions have sailed for the United States, the Army announced today. The Eighth Armored Division moved into Camp Oklahoma, near Ose, en route to the straging area for shipment home.

Filene's Automatic Bargain BASEMENT AIR CONDITIONED

To NORWAY FRANCE, ITALY

THIS bargain business—it's different, it's exciting, hectic, fascinating, and there's never a dull moment. However, every so often, like a bolt out of the blue, comes a story or incident that emphasizes a phase of this unique storekeeping we are prone to overlook. Standing at the counter, the other day, we learned that Mrs. ——— had purchased over $100 worth of clothes to send to her relatives in Norway—and when the salesperson learned of the final destination of the bargain package, lo and behold, relatives of the customer were practically next door neighbors of the Filene's Basement salesperson's parents. Why had this benevolent woman come to Filene's Basement to buy clothes to send home? From past dealings she knew that every dollar spent in this unique store would buy more and with folks in need of so much, the wise course to pursue was to shop where the least would buy the most. So many others hold this point of view to be true . . . Almost simultaneously another customer spoke about conditions in France, and she was sending some dresses to Paris—stockings and warm knit underthings are constantly forwarded to folks in the British Isles. Recently a woman from Providence spent much of her own money and gifts of others buying as many children's things as possible to send to needy Italian children. A visitor from the Far East sent underthings home—shoes go to Greece, soap and undies to Scotland, etc. Remember, you don't have to be princely rich to be benevolent—it's not how much one spends, it's HOW MUCH one can get in return for what one has to spend that counts . . . that's why so many folks count on Filene's Basement to s-t-r-e-t-c-h dollars. Perhaps you never thought of this side of the bargain business before, but frequently charitable organizations as well as individuals shop here because their dollars buy more—and when our LOW bargain prices help play a dual role, such as the cases mentioned above, we're just a little bit proud of the bargain business—wouldn't you be?

Will Try Yamashita On Troop Atrocities

MANILA, Oct. 8 (AP)—Boastful Lt. Gen. Tomoyuki Yamashita, erstwhile "Tiger of Malaya," pleaded innocent of war crime today after his counsel said the American Army had no case against him—and immediately the prosecution countered with a bill of particulars that accused the men of his command of 64 atrocities.

Torture, mutilation, and massacre of more than 25,000 non-combatant men, women and children, were listed.

The atrocities were not attributed to Yamashita himself. Since his trial, scheduled to begin Oct. 29, is to be the first of a round-the-world series involving war criminal suspects, the question of responsibility held by a general for acts of his troops was a precedent-setting point.

Yamashita's court-appointed American counsel moved for dismissal of the war criminal charge against him on the ground it was general, vague and held Yamashita personally responsible for atrocities.

Within a few hours the prosecution prepared and filed with the commission which conducted the arraignment a document of several thousand words that accused Yamashita's men of crimes ranging from petty looting to wholesale slaughter and torture.

It gave the names of American and Filipino soldiers who were tortured and mutilated by the "tiger's" men; it gave the dates, exact locations of the crimes, and the names of witnesses.

The 59-year-old "Tiger of Manila" won one round and lost one at the start of his fight for life. Soft-voiced Chief Counsel Col. Harry E. Clarke, of Altoona, Pa., obtained the appointment of Yamashita's former chief of staff and deputy chief of staff, Lt. Gen. Muto and Maj. Gen. Utsonomiya, to the defense counsel staff—a surprising move in view of the fact that both are being held in New Bilibid prison as war criminal suspects.

The arraignment was carried out in Hollywood-like atmosphere, with camera flashbulbs lighting the room intermittently, reporters scribbling constantly and newsreel cameras grinding and clicking.

Col. Clarke's defense staff includes Capt. A. Frank Reel of Cambridge, Mass.

Girl Badly Burned In Apartment Fire

Miss Rose Bourdon, 27, of Champney pl., West End, awoke early today to find her apartment afire. Before she could find her way out of the smoke and flame-filled bedroom she was severely burned about both legs.

54,000 GI Wives In British Parade

LONDON, Oct. 8 (AP)—Thousands of war brides, left behind in the British Isles when their GI husbands were shipped home, are planning a demonstration aimed at stirring shipping authorities to action in getting them to the United States.

A parade of protest—planned by the brides for Thursday—was called off today by police. So, the girls are now looking for a large hall, since 10,000 women are expected to attend. They will represent the wives of 54,000 Americans, 34,000 Canadians and enough others from British dominions to bring the total to about 100,000.

At Edinburgh more than 100 banded into a "League of Angry Wives."

More Children Urged for Smart People

By MARTHA KEARNEY

WASHINGTON, Oct. 8 (INS)—The nonprofit Population Reference Bureau declared today in its October bulletin that smart people don't have babies, and that is why there are so few of them.

Under the heading, "Needed—Higher Birth Rate Among Scientists," the bulletin declares:

"High school and college graduates are having about 1¾ children on the average, while persons with less than seven years of schooling are having four children."

Director Guy Burch, in passing on the report to President Truman, quotes it as claiming:

"We have only to look about us to know that the current need for creative brains is not being met. There is too much wrong with the world and with our own country to have doubt about that. . . . The limiting factors all along the line are brains and character."

Under the heading "differences in birth rates can be reversed," Burch mentions a Swedish population study "showing that in Stockholm, in which city knowledge of family limitation had reached all economic groups in the population, that the higher the income the higher the birth date and the smaller the income the lower the birth rate."

"From hese findings it appears that the discovery of how to control population growth without resorting to war or suffering from famine and pestilence may prove more significant in making the world a better place in which to live than the discovery of how to harness the energy within the atom," Burch concludes.

SINUS TROUBLE CAN BE CURED with SUPER OXYGEN and NEGATIVE IONS.

IMPORTANT FACTS FOR SINUS SUFFERERS

In New England about one out of five have a "germ" disease referred to as Sinus Trouble!

Nine out of ten so affected believe that because of absence of pain, it is merely Catarrh and needs no relief.

More body ailments can be traced to Sinus Trouble than to any other single malady.

Doctors claim that over 50% of Arthritis is caused by Sinus Trouble. The lining of the heart may become involved. The kidneys may be attacked. Deafness and middle ear infection are common, necessitating mastoid operations. Moreover, there is apt to be a general debility with a lack of vital energy, in addition to frequent head colds.

REMOVE THE CAUSE AND YOU REMOVE THE TROUBLE. We have records to prove that this can be done!

Treatments can be taken without discomfort, are moderately priced, and administered under doctor's direction.

Brief Bits

George R. McNeil of Greaton rd., West Roxbury, a wounded veteran of World War I, today was appointed by Mayor Kerrigan to the Board of Examiners in the Building Department, succeeding a namesake, J. Frederick McNeil. The position carries no salary.

NEW YORK, Oct. 8 (INS)—President Truman today described the late Wendell Willkie as "a great and dynamic personality" in ceremonies dedicating the Willkie memorial building of Freedom House. The President's message was read by Actress Helen Hayes.

PROVIDENCE, R. I., Oct. 8 (INS)—A lone gunman, about 35, was frustrated today when he attempted a holdup at the Capitol Hotel.

Night Clerk Joseph Ferris, instead of handing over the money, grappled with the gunman, who broke loose, fired a shot at Ferris and fled.

BRATTLEBORO, Vt., Oct. 8 (AP)—Dr. Henry Franklin Cutler, 83, Principal of Mount Hermon school at East Northfield, Mass., for 42 years prior to his retirement in 1932, died today in a hospital after a long illness.

Penal Institutions Commr Joseph P. Donahoe was designated by Mayor Kerrigan toady as acting Boston Institutions Commissioner pending the appointment of a successor to Hugh J. Campbell, who resigned last week.

Signed by 500 L st. "Brownies," a petition seeking a $500 annual salary increase for John J. Donovan, superintendent of the L st. bathhouse, was presented to Mayor Kerrigan today.

Nichols Heads Port Board

Gov. Tobin named Henry Nichols, vice-president of the National Shawmut Bank and former Chamber of Commerce head, as chairman of the recently created Boston Port Authority after the five-man board organized today.

The governor also swore in three members of the board in his office, former Mayor John F. Fitzgerald, Louis Edgehill of Wellesley and John J. DelMonte of Brookline.

Nichols took the oath of office in the office of Secretary of State Frederick W. Cook.

The fifth member, Judge James Nolen of Hadley Falls was sworn in last week.

'Beast of Belsen' on Stand, Puts Crimes on Top Nazis

LUENEBURG, Germany, Oct. 8 (AP)—Josef Kramer swore on the Bible today that he was innocent of war crimes and that atrocities committed at the Oswiecim and Belsen concentration camps he commanded were on orders from higher placed Nazis.

Kramer, described as the "Beast of Belsen," leaped from the prisoners' cage like a football player from a bench and trotted to the witness stand where he testified in a high pitched nasal voice.

He said he was a loyal Nazi and a member of the SS and as such only obeyed orders.

While the other SS guards and camp attendants jointly on trial with Kramer before a British military court, listened intently, he told of a riot in a concentration camp.

"There was a revolt. Persons tried to escape and there was firing near crematoriums one and three.

"When I arrived crematory three was burned out already. All the prisoners who took part in the mutiny were shot when I got there."

Eyes to the floor, Kramer insisted he did not know who ordered the prisoners shot.

Naturalization Plea Denied for 3d Time

An elderly Boston woman who twice before had failed in naturalization tests was turned down for a third time today, while 225 other men and women aspirants were admitted to citizenship before Judge Charles E. Wyzanski, Jr., in Federal Court.

Judge Wyzanski asked her who made the laws of the United States, and sympathetically suggested further study when she replied, "The lawyers."

"Help the other feller" GIVE

The Red Feather Is An
OPPORTUNITY

ONCE EACH YEAR COMES THIS opportunity to stop a minute in our busy lives, and to dig down for a few dollars to help the sick, the destitute, and the underprivileged children whose lot has not been as happy a one as ours.

● Over the span of many years the nationwide Community Funds have done wonderful work. Thousands of charitable agencies have derived the funds they so sorely needed to carry on. Thousands upon thousands of pitiful cases have been helped, and in fine hospitals, all over the land, an even greater number have been brought to health and happiness. No words of mine can give too much praise.

● Just as they have done year after year, this time I know Waldorf folks are going to give liberally to this great Red Feather cause. And we hope everyone, wherever they work or wherever they live, will do likewise. These Community Funds richly deserve every dollar we can spare, even though some of the money comes hard.

● Just fill out the card given you, and this year try to make it more generous than ever before. Your gift can be all cash, or the easier way by a weekly payroll deduction. Remember, this is the time of year when we remember "the other feller."

Mayoral Nominees Pledge More Jobs

Boston's mayoralty campaign gained tempo today after four of the candidates had aired proposals to create jobs, the opening of municipal information and service centers for residents in all city districts, and plans to end waste and extravagance in government.

William Arthur Reilly, former fire commissioner, promised that if elected he would set up in each section of the city a branch municipal office, with a manager and several clerks, for use by those with complaints, applications to file or questions about city departments.

Cong. James M. Curley renewed his plea for support on his "Build Boston" program, calling for improvement of the Port of Boston and the airport and modern housing construction to replace slum areas.

He also favors a complete program of veteran rehabilitation, including housing projects for returning servicemen.

Mayor Kerrigan advocated immediate building up of the Port of Boston as an aid to returning servicemen in their postwar job quest.

"The building of the port should start immediately," the mayor said," as this new authority, with the aid of the city, will have power to construct warehouses, piers and wharves which will afford employment for thousands of skilled and unskilled workers at prevailing high wages."

Rep. Michael Paul Feeney cited waste and extravagance in warning that a complete change in government must be made if Boston is to survive.

"This kind of inefficiency will continue unless the people of Boston sweep out the candidates who have already held office of public trust and been found wanting."

Holiday for School As Coal Bins Burn

LEOMINSTER, Oct. 8 — For the second time in two weeks, Leominster pupils had a day off today when school coal bins caught fire.

The latest fire smouldered in 100 tons of coal at the Lancaster st. elementary school, sending choking fumes through the building. Earlier, a simlar fire in the senior high school sent students home for the day.

Archbishop Urges U. S. Share Bounty

Asserting that the people of the United States had no right to abundance unless they shared it with others, Abp. Richard J. Cushing made a stirring plea today for support of the Greater Boston United War Fund in a luncheon of campaign workers at Hotel Statler.

During the luncheon it was announced that a total of $3,487,-321, or 45 per cent of the $7,500,-000 goal, already had been subscribed in the drive.

"We cannot seek to escape this burden," the Archbishop said. "We have no right to have unless we give. We have no right to our abundance unless we share it. We are our brothers' keepers."

He pointed out that, if the conditions were reversed, the people of this country would expect the nations of Europe to help them in their plight.

"We must live by God's Golden Rule," he said. "We must do unto others as we would have them do unto us."

Gov. Tobin and Mayor Kerrigan headed a list of city and state dignitaries attending the luncheon.

Students from thhe Hardy School in Arlington were to sing original songs based on the campaign's theme, "Now Is the Time."

Plans for Thursday night's annual Red Feather Rally at Boston Garden promise a show surpassing all previous ones. Dr. Serge Koussevitsky and the Boston Symphony Orchestra will present classical favorites, including Tchaikovsky's Fifth Symphony, the Blue Danube Waltz of Johann Strauss and two Sousa marches.

Jimmy Durante, Garry Moore and their troupe, including songstress Jeri Sullivan and announcer Harold Petri, will counterbalance the classical. Also scheduled to appear are Greer Garson and Lt. Richard New, USNR, in a short dialogue, and Harvey S. Firestone as guest speaker.

'Objector' Wins Highest Award

WASHINGTON, Oct. 8 (AP)—For the first time in history, a conscientious objector has been awarded the nation's highest military decoration, the Congressional Medal of Honor.

The War Department announced today that the medal would be presented to PFC Desmond T. Doss, 26, of Lynchburg, Va., a member of the 307th Infantry Medical Detachment, First Battalion, 77th Division, for outstanding bravery in aiding his wounded comrades during the fighting on Okinawa. PFC Doss, himself wounded several times, will receive the award from President Truman Oct. 12.

Dad Escapes Chair On Children's Plea

COLUMBUS, O., Oct. 8 (AP)—George Pierce, 49, Franklin County farmer who killed his wife and a son, was spared from Ohio Penitentiary's death chair through executive clemency today, barely 24 hours before his scheduled execution.

Gov. Frank J. Lausche commuted Pierce's death sentence to life imprisonment after listening to pleas of his older children that their father's life be spared. Pierce has nine living children. He shot his wife and son, Homer, to death in their home near Reynoldsburg, March 25, 1944, during a quarrel over money.

Ex-Gov. McGrath Sworn to U. S Post

WASHINGTON, Oct. 8 (AP) J. Howard McGrath, former Governor of Rhode Island, today took the oath of office as Solicitor-General of the United States in a brief ceremony before Chief Justice Stone.

The oath was administered at the Supreme Court building in the private office of the chief justice. A group of about 30 relatives and friends were present.

Christmas Gifts Drive For GIs Enters Final Week

The war has been over for many weeks, but there is only a week left in which to pay gratitude to the servicemen and women still overseas who helped to win it. A week from today, Oct. 15, is the deadline for mailing all Christmas gift packages to the valiant members of the armed forces still serving far away from home. That means only a few days to enlist in the Christmas Gifts for Buddies Overseas campaign.

If you fill out now the coupon accompanying this article you will receive by return mail a label bearing the name of an overseas chaplain who will distribute your Christmas gift box to some serviceman or woman who might otherwise be forgotten.

These Christmas boxes will be distributed throughout the world where our servicemen and women are still on duty—from Tokyo to Greenland, from Berlin to the Philippines, and to the far and inaccessible outposts of the North Atlantic.

The response to this campaign, sponsored by the Record-American and Sunday Advertiser, has already been most generous. Through the kindness of our readers, there will be many a lonely and somesick overseas man or woman who will receive a Christmas package from their homeland.

Be sure that your gift packages weigh no more than five pounds, and that along with the chaplain's label, the name and overseas address of the chaplain is printed in ink on the wrapping, as well as your own name and return address.

Only a few days remain to pay a Christmas tribute to those who are still far from home.

STABBED IN THE BACK BY ARTHRITIS

NOW is the time of the year when Arthritis is on the loose, stabbing victim after victim with its deadly dagger of pain. If you are one of those unfortunate people here is important information for you to know. Many people suffering from nagging arthritis pains in back, knees, shoulders and hands, never suspect that these pains may be substantially caused, in some cases, by excessive acid wastes within the body.

As a dietary aid to assist the body's faster neutralization and elimination of these excessive acid wastes from tissues and joints, which in turn may tend to bring speedier pain relief to this extent, Vig-Ore Sodeom Tablets were devised by a well-known food nutritionist. Vig-Ore Sodeom Tablets contain food sodium and food iodine, two minerals of nutritional value which may prove to be helpful to many arthritis sufferers. Vig-Ore Sodeom Tablets are free from all harmful Chemical drugs. They positively do not contain injurious ingredients of any kind.

Palestine Plan Of New Leader

JERUSALEM, Oct. 8 (AP)—A nation-wide program which would absorb 4,000,000 Jewish immigrants into Palestine without displacing Arabs from their land could be realized through inauguration of a seven-year development plan, Dr. Abraham Granovsky, newly elected chairman of the board of directors of the National Jewish Fund, said today.

The Jewish spokesman said such a plan could be successfully carried out if Jews were allowed to buy an additional 2,000,000 acres, which would bring the total Jewish-owned lang to approximately 34 per cent of the Palestine area.

TOKYO, Oct. 8 (AP)—Jap Naval Com. Yoshisaburo Narumita came home from Mili, in the Marshalls, with 2589 army and navy personnel and had to send one of every six of them to the hospital, he said today in an interview reported by Domei. Mili was just too rugged.

Cut off from supplies since December, 1943, the Mili garrison lost more than 2700 men by starvation—and, worst of all, he said, 7292 American planes blasted the Jap airbase over a period of two years. So did two battleships and 14 destroyers.

He didn't say how many men the planes and ships killed.

which time aid from the United States would arrive.

MacArthur and I agreed that it was a defeatist plan, but our feelings in the matter did not change it.

The sparkle went out of Manila in the spring of 1941. War was coming and we all knew it. Maj. Gen. George Grunert, then commander of the Philippines Department, began making determined efforts to pry more supplies out of Washington and to bring my complement of Philippine Scouts up to the full statutory strength of 12,000.

Another sign of uneasiness came late in the winter when the War Department directed that the dependents of all military personnel in the Philippines be evacuated. This followed on the heels of a similar order by the Navy.

Like most of the other wives, Mrs. Wainwright did not want to go. Like most of the other husbands, I guess, I lied to her and told her it would be just a short separation; that the trouble would blow over soon and we would go on living again as people should live.

She did not believe me any more than the other wives believed what their men were telling them. Nor did her mother, Mrs. D. E. Holley, who was going home with her. But we all made a pretense of treating the matter as lightly as other discomforts of Army life are treated. There were farewell parties — despedidas we called them in our uncertain Spanish — with much false enthusiasm. I remember especially one big one for the ladies at the Army-Navy Club.

But when the last ship, the Washington, pulled out from Manila on May 14, 1941, there were sudden tears along the rails of the ship and all of us on the dock, waving with frozen smiles, felt mighty bad.

I went to work then in what I guess was opposition to the philosophy of WPO-3. A defense must be active, damn it, not passive! It must involve counterattacks, to be the kind of defense I wanted. So during the last days of May, through June and most of July we worked at perfecting the offensive combat training of the Philippine Division.

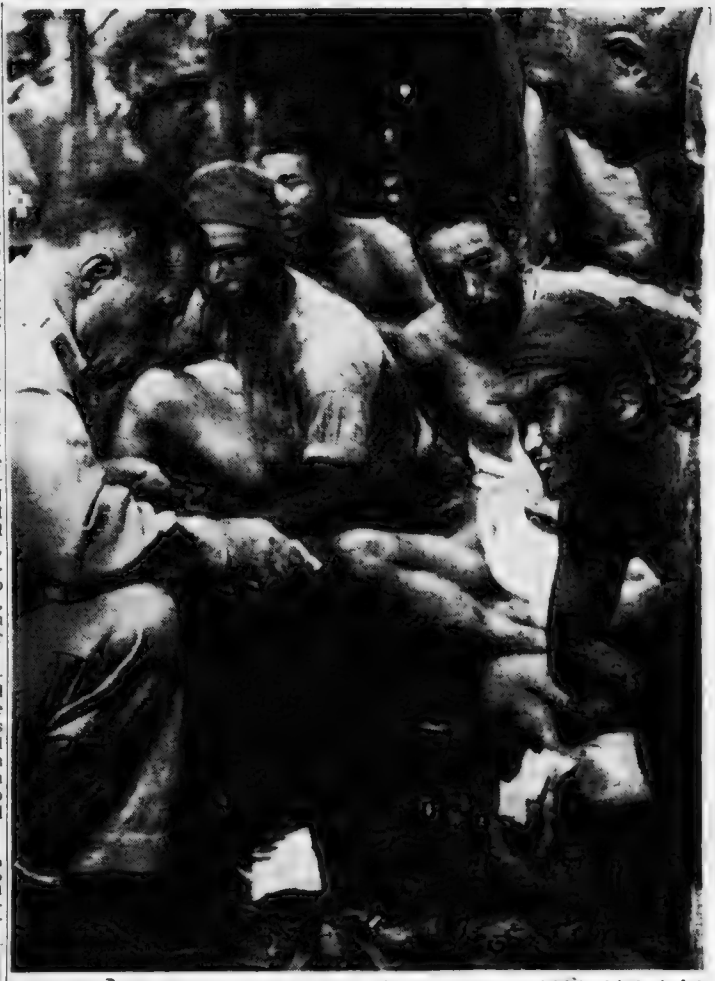
Around the end of July, 1941, Gen. Grunert sent word to me and to other senior officers in the department to report to him the following Sunday morning at his headquarters in Manila. I drove down from near-by Ft. McKinley that morning and found his headquarters filled with a lot of restless old friends: Generals King, Moore, Holderness and others.

Gen. Grunert stood up after a bit, cleared his throat, and read from the paper in his hand. I still remember the approximate words:

"Maj. Gen. Douglas MacArthur, retired, is placed upon active duty in the grade of lieutenant general and is assigned command of all United States Army forces in the Far East. The induction of the Philippine Army into the service of the United States is authorized."

(Tomorrow: MacArthur tells Wainwright that there will be no Jap attack before April, 1942—and the Japs hit Wainwright's ill-equipped forces the first of a tragic procession of blows.)

"LIKE MOST OTHER WIVES MRS. WAINWRIGHT DID NOT WANT TO GO"



CAPTURED JAPS—Brig. Gen. Clinton A. Peirce, who was on Bataan with Wainwright in the last agonizing hours of that campaign, questions Jap soldiers captured by our troops. This was one of the latest photos to reach America from the Bataan peninsula before the forces of Gen. Wainwright were forced to withdraw to Corregidor for their final stand.

COMMUNISM IN BAVARIA

NEWS FROM ABROAD that seeps through the truth-hiding censorships raises the suspicion that the occupation forces which our victorious armies leave behind them in foreign lands are being used to impose COMMUNISM upon defeated and despairing peoples.

This is not a service to America nor to the cause of freedom and justice anywhere.

But it is an incalculably valuable service to Communist Russia, with her policies of self-aggrandizement.

The once-free nations of Latvia, Estonia, Lithuania, Rumania, Bulgaria, Hungary and Poland are now either subjected Soviet "republics" under the Russian dictatorship or else are completely dominated from Moscow through servile puppet "governments."

Any extension of the Communism system which we can provide is necessarily a great benefit to Communism, however bitterly it may afflict the hapless victims.

It is also the very thing against which the Labor Party's foreign minister in Great Britain, Mr. Ernest Bevin, uttered an anguished protest recently when he said that developments in the areas liberated from the Nazis indicated that one form of ruthless Totalitarianism was being substituted for another.

And it is certainly not the ideal for which American soldiers supposedly fought.

BAVARIA IS one of the regions from which the truth is leaking out.

Gen. George S. Patton, Jr., has been removed as the military administrator in Bavaria on the charge that he was keeping Nazis in public positions—an action which, the Associated Press reports, was enthusiastically commended by "Berlin's SOVIET-SPONSORED newspaper."

BUT OBVIOUSLY, IF THE GERMANS ARE TO BE TAUGHT DEMOCRACY AND THE PRINCIPLES OF LIBERTY ARE TO BE INCULCATED AMONG THEM, NOT ONLY IS IT NECESSARY TO PUT NAZIS OUT OF POWER—IT IS ALSO REQUISITE NOT TO PUT COMMUNISTS IN.

Putting Communists in power is evidently just what is happening in Bavaria.

Friederich Schaeffer was "minister president" under Gen. Patton.

Following Patton's shift, Schaeffer's "resignation" was accepted and Wilhelm Hoegner was appointed BY THE U. S. MILITARY GOVERNMENT as his successor.

And Hoegner immediately announced that HIS government would "go to the Left" —WITH COMMUNISTS IN HIS CABINET.

Hoegner complained that the Schaeffer regime was—

"... Too far to the right with ONLY ONE Red spot in the labor ministry."

Hoegner also said:

"Russia is a big power today, and the Communists are Democrats, so they must be taken into consideration."

THAT IS pure Communistic bunk, of course.

There is no more UNDEMOCRATIC and TYRANNOUS system than Communism, as the late President Franklin D. Roosevelt once said in a speech from a White House portico.

And what "democracy" is there in forcing COMMUNISM upon a conquered people by military might under the pretense of rescuing them from NAZISM?

A CHALLENGE

THE NAVY has successfully demonstrated a new airplane using both jet and conventional engines and capable of flying more than six hundred miles an hour.

Soon, it is predicted, passenger liners similarly propelled will be commonplace in the American skies.

This should stimulate interest in our neglected Boston airport.

We can hardly expect the patronage and benefits of 600-miles-an-hour jet planes if we fail to provide the runways and other facilities they require.

Why did you say my lip was sweet
And made the scarlet pale?
And why did I, young witless maid
Believe the flattering tale?
Why did you promise love to me
And not that promise keep?
Why did you swear my eyes were bright
Yet leave those eyes to weep?

LOOKS AS IF I will have to send to Pittsburgh for a barrel of stogies. The customers are taking me for plenty because of my rash and hasty observations that an infantry sergeant with a moustache would be hard to find. Demands for stogies accompanied by snapshots of top sergeants with moustaches are pouring in. One young woman presents a picture of her sergeant brother who has a handlebar moustache. She wants two stogies for that. A wife sends in a snapshot of her sergeant husband who she points out has "a moustache that is waxed at both ends." So far I haven't heard of any infantry sergeant who has a Van Dyke beard but I am expecting to at any moment.

A BROOKLYNITE, born under Libra (Sept. 23-Oct. 22), says she is contemplating marriage with a man born under Cancer (June 21-July 22). She wants to know what the stargazers have to say about such a matrimonial combination. The stargazers say neither Libra nor Cancer people like to quarrel and both are great lovers of home life. Libra women are inclined to sarcasm and fault-finding but are of a forgiving nature. The Libra girls also are somewhat extravagant and make expensive wives. Still the Cancer men are good moneymakers. John D. Rockefeller and John Wanamaker were both Cancer born. Calvin Coolidge was also born under that sign. Some of the better known Libra women are Greer Garson, Constance Bennett, Janet Gaynor and Eleanor Roosevelt. In trying to ascertain what kind of wife a Libra girl would make for a Cancer man, all you have to do is to judge what kind of a wife Eleanor Roosevelt would have made for Calvin Coolidge. Or consider what kind of a matrimonial mate Constance Bennett would have made for John D. Rockefeller.

QUERIES FROM CLIENTS: Q—If Texas Guinan were still alive how old would she be? A—Sixty-one . . . Q—What is the world's record for attendance at a single sporting event? A—Couldn't say. It is probably held by one of the two celebrated English horse races, the Epsom Derby or the St. Leger. At the recent running of the latter more than 500,000 persons attended . . . Q—Didn't Mike McDonald, Chicago politician of the 1870's, originate the saying: *"There's a sucker born every minute"?* A—There is some doubt as to the origin of this mark. Is is usually credited to Barnum. Hence, the follow-up saying: *"Barnum was right!"*

FAIR ENOUGH

By WESTBROOK PEGLER

Copyright, 1945, King Features Syndicate, Inc.

WASHINGTON, Oct. 8—There is no reason now for anyone to believe that President Truman will recommend to Congress any legal reform to diminish the powers of unions.

Westbrook Pegler

Therefore it may be anticipated that strikes will increase in number during the Fall and Winter and that countless non-strikers will be thrown out of work through the interrupting of public services, such as transportation, electric power and water supply, and the production of materials such as roller-bearings, for lack of which many other industries must quit operations.

There are some in Congress who look forward to a Winter of fighting and public suffering and rather grimly welcome the prospect as a showdown, believing that an element of the nation which only recently has been discovering its own existence will then demand relief and protection under law.

From the standpoint of those who have preached reform for years and desire peace in the long run, such a program of strikes, however, painful and costly, would seem ultimately desirable.

Every other way has failed. Every reasonable proposal intended to guarantee responsible union administration has been howled down by men who have shown themselves to be incapable of leading labor in a manner consistent with the public good and the rights of their subject members.

★ ★ ★

PRESIDENT ROOSEVELT created this condition and preserved the powers of the unioneers, but Mr. Truman's record shows no special affection for them.

To get reforms he would only have to ask Congress for them.

The same great majority in the House of Representatives which even in Roosevelt's time voted for restrictions on union racketeering, expressed in defiant highway incidents, would vote the same way again, probably with added strength from those docile rubber-stamps who would "uphold the President."

Given an outright request from Mr. Truman, the Senate would defy the powerful union lobby and Sidney Hillman, whose political position in relation to Congress seems comparable to that of the Prohibition forces in the last year of the Eighteenth Amendment.

Even Congressmen from Pennsylvania, where the coal and steel unions have had terroristic power over candidates, admit privately that the voters, including many of the union workers, want reform.

Lately, on Labor Day, three conspicuous spokesmen of the old Roosevelt administration in union matters, uttered "warnings" ostensibly to the workers but actually to the union bosses which indicated a realization that "the public" is near the point of revolt.

★ ★ ★

LEWIS SCHWELLENBACH, the Secretary of Labor, Harold Ickes and Fiorello LaGuardia, all made speeches adopting demands which for years had been presented as criticism in these dispatches and consistently denounced by New Dealers as "reactionary" propaganda.

Among them they repudiated arbitrary strikes in disregard of the rights of "the public," denounced the self-seeking type of union official and pointed out other evils which can be corrected only by law.

As Winter approaches there are in prospect shortages of coal and oil due to strikes and the men who rule the electrical unions might not overlook the fact that in the Northern States they have authority to pull the switches and shut off the power that runs electric furnaces in millions of homes and in office buildings.

The personal distress of "the public" thus victimized in squabbles over jurisdiction, recognition or some fine legal phrase in the contract, the cost of frozen plumbing and the encouragement to Congress to enact remedial laws, may be imagined.

And some members of Congress are counting on such distress, inflicted without mercy by overbearing individuals, to encourage weaker members to vote for "the public" when the anger of the majority of the nation has been unmistakably registered.

AND SO, My Fellow Countrymen, today I report to you that your sons and daughters have served you well and faithfully with the calm, deliberate, determined fighting spirit of the American soldier and sailor. THEY ARE HOMEWARD BOUND—TAKE CARE OF THEM.—GEN. DOUGLAS MacARTHUR.

Hollywood Today

By Louella O. Parsons

HOLLYWOOD, Oct. 8—Here's the most enchanting bit of news I've heard in many a moon—Edgar Bergen, Charlie McCarthy and Mortimer Snerd have been signed by Walt Disney to appear in "Jack and the Beanstalk!"

Don't you just love that idea? You don't need to worry for fear our old pal Jack is to appear in Charlie's top hat. No, indeedy. Walt plans one of those blends of cartoon and live action -- remember how successful that was in "The Three Caballeros" and in M-G-M's "Anchors Aweigh." In "Jack and the Beanstalk" you'll see Edgar telling Charlie and Mortimer this wonderful fairy tale, and then Disney will animate the story itself.

Ethel Barrymore

Appearing with my two favorite dummies will be a real little girl, Luana Patten, aged seven. This is another case of Cover Girl makes good, for Walt first glimpsed this baby on the cover of "Good Housekeeping" and promptly signed her. She is now making "Uncle Remus."

★ ★ ★

FOR HEVVENS SAKE! David Selznick has cast Ethel Barrymore as Marmee in the favorite book of my childhood, "Little Women." Marmee was the mother of the four girls, as you probably remember. But with all due respect to the queen of the royal family of Broadway, I can't see her as being the mother of Shirley Temple, who is the only other personality announced for the remake. In fact, it makes me think of those lines of Edna St. Vincent Millay's — *"Whether or not we find what we are seeking, is idle biologically speaking."* Ethel, however, will give a magnificent performance, and David knows more about producing and casting than I do. Looking at his record, I'm sure he does.

ALAN LADD'S lawyer is meeting today with Paramount executives in an effort to straighten out his trouble. Alan is asking for the bonus which they promised him when the wage stabilization law made it impossible for him to get a raise. He is one of the hottest actors on the screen and is entitled to a good salary. I never like to be in a position of taking sides in any argument, but it seems to me that Alan really deserves a break. His popularity is such that he is an asset to the company. I hope it won't be necessary for him to go to court because these cases are usually so long drawn out and bad for everyone concerned.

THE BATTLE is over and Ann Sheridan and Jack Warner are all made up. As I told you, Steve Hannagan proved to be the little peacemaker who brought them together. Ann, I hear from a very reliable source, has a new three-year contract and the promise that she can have some of the dramatic roles she craves. Her emissary, Steve, pointed out that Ann's best performance was in "King Row" in which Director Sam Wood said she was really a fine actress and more than just a musical-comedy queen. Fortunately, the Sheridan trouble was straightened out the day before the big fight at the Warner studio between the strikers and those who refused to go on strike.

★ ★ ★

THERE IS no more devoted wife in Hollywood than Irene Dunne, who moved right into the St. Vincent's Hospital when her husband, Dr. Francis Griffen, was stricken. Although "Frank" is getting better every day, Irene has decided not to make a picture until he is completely well. She wants to devote all of her time to him, so she has asked 20th Century-Fox for her release from doing "Anna and the King of Siam." That's going to be a blow to 20th, but, it is understandable that Irene's heart would not be in her work until Frank is 100 per cent well, which he will be. But convalescence takes a long time and so much depends upon good nursing.

★ ★ ★

LUCILLE BALL, who has been one of Metro-Goldwyn-Mayer's glamor girls the last five years, is parting company with Leo the Lion. Lucille and Metro couldn't get together on her new contract, so she has decided to free-lance. I doubt if she will free-lance long, since she has several very tempting offers from other companies. Most of these actresses have a yen to free-lance and start out that way, only to end up with a definite commitment to one or two studios.

John Huston and then decided differently, is being seen everywhere in New York with Eddie Goulding; Ben Murray, as whispered, has been seeing his ex-gal, Florence Heller. Meanwhile, his first wife, Cleatus Caldwell, and Bob Hutton, who are hotter than last week's weather, will wed when the divorce is final; Kathryn Grayson has consulted Lawyer Loyd Wright and new plans to go through with her divorce from John Shelton, unless, of course, at the last minute she again changes her mind as she has done seven times.

Her bridegroom left for overseas almost as soon as they were married; Mrs. Stephen Ames (Racquel Torres) has been very sick with the flu and has postponed her party for Bebe Daniels and Ben Lyon until she recovers; George and Albert Delacorte, editor and publisher of Modern Screen, artist in town today and they will be much entertained.

NEW YORK, Oct. 8—Dorothy McGuire, the actress, insists on the same breakfast every day, and hasn't deviated from it for as long as she can remember—one egg, sunny side up, toast and coffee . . . In fact, she gave Gene Krupa pointers on how to "hand beat" those jungle drums . . . Artists of all schools burn to paint Maggi McNellis and she is seriously considering giving a new kind of one-girl show—displaying all the McNellis portraits ranging from an original water-color by Gloria Stokowski to an oil by John Frederics in which her hair is bright, blinding green and rabbly most becoming.

WASHINGTON, Oct. 8—President Truman has a gag-line he uses frequently at press conferences. It seldom fails to get a laugh.

The President reads off all the announcements he has on hand, then sits back with a resigned look.

Now you can cross-examine me, he says.

* * *

MISS CORINNE GRIFFITH, beautiful motion picture star of yesterday or maybe it was the day before—has just returned from Hollywood with a stirring saga of filmdom.

Corinne Griffith

Miss Griffith, who in private life is the missus of George Preston Marshall, owner of the Washington Redskins, says there is an actor out there who thought of practically nothing for years but finding the perfect play with the perfect part.

He searched so long and fruitlessly that he finally became unbalanced and had to be put away. But he continued to spend his time at the sanitarium reading plays

He read thousands of plays. At last he had read all the plays there are. Unable to find any more for him, a devoted friend finally handed him a telephone book.

A week later the friend returned and found the actor still bent over the phone book.

"How do you like it?" he asked.

"I haven't got to the plot yet," replied the actor. *"But, oh, boy, what a cast!"*

* * *

PRESIDENT TRUMAN, by the way, has lifted a stunt from the Broadway comics, Olsen and Johnson. A number of distinguished visitors were at the White House the other evening when Mr. Truman handed each a paper package of matches. On the match cover was inscribed:

"Suspod from Harry S. Truman."

* * *

WHEN A Senator begins a speech on the Senate floor, the general idea is that he should keep at it until finished. He may yield the floor for a question, or to let another Senator interpolate a few remarks on the same subject, but it is not considered cricket for him to parcel out time to other Senators of his own selection so they can hold forth on unrelated topics.

In doing the latter he is held to be usurping the prerogatives of the chair, which is considered to be most deplorable.

The other day, however, Sen. Robert A. Taft of Ohio launched into what promised to be a long speech on Palestine. But he yielded to a succession of fellow Republicans, all of whom made speeches.

He granted time to Sen. Owen Brewster of Maine; then Alexander H. Smith of New Jersey; then Homer Ferguson of Michigan; and Leverett Saltonstall of Massachusetts.

Sen. Brien McMahon of Connecticut, who is a rabid Democrat, got more and more irked as Taft kept yielding to Republicans. But there are only three ways you can break in on the Senator who holds the floor:

(1) Having him yield; (2) Raising the point of personal privilege meaning, loosely, that you demand the right to answer a personal attack; (3) By demanding a parliamentary inquiry, meaning that you wish to charge that the present goings-on are contrary to parliamentary procedure.

Senator McMahon chose the latter. Receiving the nod from President Pro Tempore Kenneth McKellar, he demanded:

"Does the Senator from Ohio have the right to farm out the floor for a couple of hours?"

* * *

EDGAR BERGEN, the celebrated ventriloquist, was in our midst recently with a couple of his assistants named — if memory serves me correctly—Charles McCarthy and Mortimer Snerd.

He put on a demonstration at the Senate. It was ostensibly for the page boys but the youths had a tough time pushing Senators out of the way. President Truman heard of the visit and invited Mr. Bergen to drop in at the White House.

But when he got to the gate, the guard demurred about letting him in.

"How do I know you're Bergen?" demanded the gatekeeper. *"Do you have Charlie McCarthy with you?"*

Mr. Bergen said he had the dummy in a car parked down the street. *"Get him,"* said the guard. When the ventriloquist returned, lugging his wooden bread and butter, the dummy yapped:

"I'm Charlie McCarthy—but don't let this jerk Bergen in!"

"That's Charlie, all right," chuckled the guard—and swung the gate open.

Boston After Dark

MONDAY MUSINGS: The same unforgiving and relentless Boston sports fans who have never forgotten George Marshall, owner of the Washington Redskins, for certain actions in his short-lived Boston career, embraced a new all-time enemy in Sunday's game between the Yanks and the Redskins, and from here on he will be known as Sammy Boo, instead of Sammy Baugh.

* * *

THE GREAT Texan, Baugh, who curiously enough happens to be an employe of the flamboyant Mr. Marshall of Washington, threw a quick-tempered left-hand punch at a calm and gentlemanly Yank player just before the Boston team scored its fourth touchdown at Fenway Park . . . The punch missed, and the officials—it seems—missed seeing the punch . . . But hundreds of fans saw it, and Mr. Baugh became Mr. Boo almost immediately.

* * *

THE BAUGH PUNCH slipped harmlessly over the Yank player, fortunately . . . And the Yank player (George Smith, the former U. of California National League veteran, we think it was) slipped back to his side of the scrimmage line so quickly that the flareup was momentary.

* * *

BOSTON FANS will have to wait a year at least before finding an opportunity to ride "Slingin' Sam" the Southpaw-Punchin' Man. . . . They will have to wait that long, that is, if they await another Redskins appearance in Boston . . . But it isn't too far-fetched to assume that meeting between Mr. Boo and the Boston fans might take place when the two teams meet in Washington on Armistice Day.

* * *

IF THE YANKS and Coach Herb Kopf continue to scintillate as they did at Fenway Park against the Washingtons, it is safe to anticipate a huge "Royal Rooters" section of Boston football enthusiasts being formed to chase their green-jerseyed pets around the circuit—as far as Philadelphia and Washington, at any rate.

* * *

FRED ALLEN RETURNED to the airwaves with a typical Allen show, and that means it was marvelous . . . We hazard a guess that no louder laugh ever reverberated through a radio's speaker than the one which greeted Fred's Mrs. (Minerva Pius) Nussbaum's garbling of the Son of Heaven's name to "Emperor Shapirohito" . . . Fred's new radio characters, a colonel from the deep, deep South (a South so deep that the Colonel's family is treading water in the Gulf of Mexico and they call the folks in Alabama—Yankees); a farmer named Titus Moody, and a pair of songwriters whose names we caught as "Magee and Magoo," were so entertaining that this listener was unable to conjure up in memory the names of the characters who used to inhabit "Allen's Alley," including the poet with the fabulous titles for his odes and sonnets . . . Welcome, Mr. Allen . . . Long may you airwave!

* * *

ONCE OVER LIGHTLY: Jimmy Tobin, the Governor's talented brother, was at the Yanks-Redskins game in civvies . . . Jimmy was stationed in New York as a gob, the last time we mentioned his name . . . Hildegarde's party for the Fourth Estate was the most elaborate and costly, from the point of food and drink, in the recollection of veteran guests of such affairs . . . A cosmetics company which is to launch a lipstick and some other item bearing Hildegarde's name paid the bill . . . A former Brookline man, who has been working in Philadelphia, is reported to have taken over the Piccadilly Restaurant, in the University Club . . . The restaurant fell afoul of the OPA recently, and a change in management was assessed as part penalty . . . Under its new regime, the Piccadilly will try to rival the New York Colony as a dining place, we are told.

* * *

GENERAL MacARTHUR is going to become a legendary figure, all right . . . Of the crop of stories making him the hero or butt (depending on one's point of view) we pass along the latest—and perhaps the best . . . It seems that Admiral Nimitz and General MacArthur were at sea in a rowboat, and the boat tipped over . . . The redoubtable MacArthur, however, was the one to save the day . . . He could swim (according to the story) and Admiral Nimitz couldn't . . .

* * *

SO DOUG saved Admiral Nimitz, and righted the boat . . . The Admiral looked at Doug . . . *"I've a favor to ask, Douglas,"* said he . . . *"When we get ashore, we can't let a word of this mishap get out . . . It would never do to let my boys know that I can't swim."* . . . Douglas MacArthur nodded . . . *"Secrecy, by all means, my dear Chester, is the order of the day"* said General MacArthur . . . *"It would never do to let my boys know I can't walk on water."*

Red Drive Reaches Climax in Capital

By DAVID SENTNER

Boston Evening American Washington Bureau

WASHINGTON, Oct. 8—The subversive and seditious attacks on the American government, its Chief Executive, secretary of state and its military leaders by the Communists following the torpedoing of the London conference by Soviet Russia have brought to a head in Congress the multi-pronged revolutionary campaign under way by the re-organized American Reds.

Here are a few developments which are deeply perturbing leaders in both House and Senate:

The Communist campaign to get rid of Gen. MacArthur in Japan.

The invective delivered in Red literature against Secretary of State Byrnes and the State Department as the result of the failure of the London Council of Ministers.

The Communist terming of President Truman "an Imperialist."

The Communist influence in the removal of Gen. Patton from his administrative post in Germany.

The known bloc of Red fellow travellers in both State Department and War Department.

The expose (by the Hearst newspapers) of Communist propaganda in the weekly Army orientation course which every GI has been compelled to attend.

The organized intimidation lobbying of Communist-controlled labor groups in Washington and state capitals.

An article in the Daily Worker, Communist organ, declaring:

"Yes, folks, this Monday, Oct. 8, the CIO boys from Ohio and Kentucky will roll into Washington to tell Sen. Taft (R.) of Ohio, and the rest they don't mean maybe about jobs and out-of-work pay.

"On Tuesday, Illinois, Wisconsin, Minnesota and Missouri will be telling Sen. Ball (R.) of Minnesota, what workers need; Indianans come Wednesday; New England Thursday, the Southern States Friday.

Nazi On Trial For GI Killings

ROME, Oct. 8 (AP)—German Gen. Anton Dostler goes on trial for his life in Rome's Palace of Justice today, accused of having ordered the execution of 2 American officers and 13 enlisted men, captured March, 1944, after landing from rubber boats.

An American military commission of two generals and three colonels will sit in judgment on the 54-year-old former commander of the German 75th Army Corps in the first American war crimes trial in the Mediterranean area.

Maj. Frederick W. Roche, Dorchester, Mass., is prosecuting Dostler.

The military commissiin includes Col. Franklin T. Hammond, Boston, Mass.

The 15 victims of Dostler's alleged execution order included Sgt. Alfred L. de Flumeri, Natick, Mass.; Cpl. Liberty J. Temonte, Westport, Ct.; Cpl. Joseph Farrell, Southport, Ct., and Cpl. Joseph A. Libardi, West Stockbridge, Mass.

Veterans' Friend

By JAMES F. McENANEY

Q—When my husband was discharged from the service the second day of September, he was told we would receive a full Family Allowance check for that month. Is this true? E. B., Boston.

A—Yes. Family Allowance is discontinued at the end of the month in which the soldier is discharged, and payment is made to his dependents for the full month regardless of the date. You should receive your final check in Oct.

Q—When an officer is overseas and has a Class E allotment paid to his family, is it automatically discontinued as soon as he returns to this country? J. H., East Boston

A—No, it is not automatically discontinued unless he is separated from the service. Payment continues until he authorizes discontinuance.

Q—When a soldier is killed in action and his wife receives the insurance, is the pension payable to his mother? A. H., Burlington, Vt.

A—Pension is paid to the parent of a soldier as well as the wife, when the fact of the parent's dependency is established. If you believe you are eligible for payment of pension, it is suggested you contact the Veterans' Administration Facility, White River Junction, Vt.

Q—My son's wife has left their child with me for four months. I do not know where she is. She receives the Family Allowance for the child and has not paid me any board for the child. Can I do anything about this? T. R., Medford.

A—The Family Allowance for the child can be paid to you. Suggest you contact Personal Affairs Branch, First Service Command, Boston, and detailed information will be furnished as to procedure.

Q—Can a man who has been in the service two or more years request a discharge? Does this apply to married men only? F. S., Stoneham.

A—Men 35 years of age or over, with two or more years of active service, may request a discharge at any time. As yet, a man may not receive a discharge simply because he is married.

Q—I was 30 years old when I entered the service and have now been discharged. Although my education was not interrupted, am I entitled to any educational benefits under the GI Bill? P. C., Lowell

A—A veteran, over 25 when entering the service, who has served since Sept. 16, 1940, for a minimum of 60 days (unless discharged earlier for disability) and is released from the service, other than dishonorably, is entitled to apply for a refresher course of one year in the school or college of his choice. To receive more than one year, proof must be furnished that his education was interrupted. A veteran under 25 years of age upon entry on active duty may have educational benefits up to four years, depending on length of service.

Q What is the amount of the New Hampshire state bonus for discharged servicemen? O. S., Manchester, N. H.

A—The New Hampshire State bonus is $10 for each month of military service during the present war, but not exceeding $100. Applicant must have been a resident of New Hampshire at the time of entry into the service, have served more than 90 days, and be honorably discharged.

Q—I am a widow and receive an allotment from my married son of $37. He has just had a child and I have been notified my checks will be decreased. What can I do about this? I. B., Waltham.

A—Your checks will not be reduced because of the addition of the child. If you have received a notification which appears to indicate that, it is suggested you forward it to Personal Affairs Branch, First Service Command, Boston, and an explanation will be sent to you.

Q—Under the GI Bill, a man who has a business of his own is guaranteed an income of $100 a month. Does this apply to a new business started after the veteran's discharge? Does this apply to a private business operated in addition to an outside job? E. R., Warren.

A—It applies to any business enterprise as approved by the Veterans' Administration.

Q—My son has been in the service since December, 1942. He made me an allotment of $37. How much of this was his money and how much was from the government?

A—If your son is single, he contributed $22 and the government added $15; if he is married, he contributed $22 for his wife and $5 for you and the government gave you $32.

SMOOTH AS VELVET! Yes, FLEISCHMANN'S PREFERRED is rich as gold . . . full-flavored—yet so smooth and palatable you can sip it straight! You've never tasted a finer whiskey since Repeal! It's got what it takes . . . and to spare!

WANTED!... BY FLEISCHMANN

Good Judges of Good Whiskey to try a Fine Old Brand!

Wouldn't you like to serve a whiskey that has the full, ripe richness of the world's finest, most limited brands? If you would, now you can! Read why!

THIS invitation *is written for the few men who are really good judges of good whiskey . . . who can appreciate a whiskey that is as gloriously rich, creamy and delicious as the world's finest, most limited brands*—and who do not need anything more to confirm them in their judgment.

We set out several years ago to see if we could make such a whiskey. We spared no expense. We experimented. We drew from the world's choicest reserves. We selected the finest grains, and backed them up with the world's most delicate skill.

The result is—*Fleischmann's* PREFERRED, one of the world's most remarkable whiskies. Velvety! Creamy! Full! Delicious! We can offer *Fleischmann's* PREFERRED only in limited amounts for some time to come, because our facilities have been devoted to the war effort . . . but if your dealer has *Fleischmann's* PREFERRED, try it! *You'll always be glad you did!*

RICH AS GOLD! And—it's super-smooth! In all your life you've never met up with such a combination of round, full, ripe taste . . . fine body . . . delicate aroma. FLEISCHMANN'S PREFERRED is a triumph of the art of blending . . . *the finest of them all!*

FOR AN "OLD FASHIONED" that tastes like cream—to a level teaspoon of granulated sugar, add 2 or 3 dashes of bitters in an Old Fashioned glass, and just enough water to dissolve the sugar. Muddle! Add ice cubes, 1½ oz. of FLEISCHMANN'S PREFERRED. Garnish with cherry, twisted lemon peel, or orange and pineapple!

The straight whiskies in this product are 4 years or more old; 35% straight whiskies, 65% neutral spirits distilled from grain. 90 Proof.

The Fleischmann Distilling Corporation
Peekskill, N. Y.

AND IT'S 90 PROOF, TOO!

NOW 4 & 2 POINTS FOR USED FATS

Help Increase Supplies of Soap and Other Peacetime Products By Saving More Used Fats

Industrial fats far short of last year! We are almost down to the bottom of the barrel. The nation's industrial fat supply is millions of pounds less than it was in 1944. We need fully as much as last year to help make the soaps and other civilian goods you want and need so badly. So . . :

If you want more soap and soap flakes . . . if you're dreaming of nylons, sheets, cotton fabrics and want them to hurry back to the store counter . . . you can help by saving those used kitchen fats as you never saved before! Save every drop, every day!

These fats are vitally necessary to help speed greater supplies of soaps and hundreds of other things—like new cars, electric washers, irons, refrigerators and tires. Industry must have these fats : : : to help get to you more quickly the peacetime products you've been longing to have for years!

So skim and scrape and scoop just as you did so faithfully before V-J Day. It is a peacetime job now—a job that will help you. And to prove how important it is, your government has increased the point bonus. So help meet this nation's need by continuing to save used fats.

Fine Oven Dinner

By MARTHA LEE
Household Editor

OVEN DINNERS are real economies. Meals, piping hot from the oven are ideal for chilly weather and the economy lies in baking the entire meal in the oven at the same time. Leftovers combined in a casserole come out of the oven looking like a chef's display piece. Baked desserts satisfy appetites whetted by Autumn's frosty winds.

Here's an oven meal suggestion that you'll find yourself repeating "by request" many times over:

OVEN DINNER

Savory Meat Loaf
Potatoes au Gratin
Lettuce and Grapefruit Salad
Hot Gingerbread with
Orange Sauce
Tea or Coffee

SAVORY MEAT LOAF

1 lb. chuck, beef, ground
½ cup ground suet
2 small peeled onions, minced
4 cups soft bread crumbs
1 tsp. salt *2 eggs*
2 tbsp. bottled horseradish
1 tsp. dry mustard
½ tsp minced green pepper
¼ cup catchup

Mix all the ingredients, and turn into a greased or oiled loaf pan. Bake in a moderately hot oven of 400 deg. F. for 1 hour. Makes 6 servings; ½ lb. sausage meat may be substituted for an equal amount of the ground beef.

POTATOES AU GRATIN

6 cups cubed cooked potatoes
1 small onion, chopped
2 pimientos, chopped
2 cups medium white sauce
1 cup grated cheese
½ cup buttered dry bread crumbs

Sauté onions lightly and mix with chopped pimentos. Add grated cheese to white sauce. Mix potatoes, onion and pimientos together. Arrange in layers in baking dish, alternating each layer with sauce, and top with buttered bread crumbs. Bake 15 to 20 minutes.

GINGERBREAD

1 cup sifted flour *½ cup sugar*
½ tsp. baking powder
½ tsp. soda *½ tsp. salt*
½ tsp. cinnamon *½ tsp. ginger*
¼ tsp. cloves *½ tsp. nutmeg*
½ cup bran *¼ cup shortening*
½ cup water *1-3 cup molasses*
1 egg

Sift flour, sugar, baking powder, soda, salt and spices into mixing bowl; add bran and shortening. Add cup water, molasses and egg; beat until smooth, about 100 strokes. Scrape bowl and spoon frequently throughout mixing process. Add remaining water and beat 100 strokes. Pour into greased pan. Bake in moderate oven (350 deg. F.) about 25 minutes. Serve with orange sauce. Makes 9 servings (8x8-inch pan).

ORANGE SAUCE

1 tbsp. cornstarch
¼ cup corn syrup
1 cup orange juice
½ tsp. orange rind

Mix together cornstarch and corn syrup. Stir in orange juice. Cook over low heat until mixture thickens, stirring frequently. Continue cooking until sauce is clear, about 5 minutes. Stir in orange rind. Serve hot.

Last Chance For Santa

By MRS. BEECKMAN

A GREAT loneliness is clutching the hearts of servicemen and women who are still stationed in places far away from home . . . every letter from them shows this. And although you may treasure the hope that the servicemen and women dear to you may be home by Christmas time, you mustn't let this prevent you from sending Christmas gifts.

This week is your last chance to take NO chances . . . so hurry!

The No. 1 present on the Christmas Hit Parade is still FOOD. And the No. 1 present in food still seems to be fruit cake. Safest, of course, is to send foods packed in tins, particularly to the Pacific area.

If you wish to concentrate on one present, it might be a cigaret lighter; an unfitted toilet case with waterproof lining and a waterproof pocket in the top (the ones for service women have a mirror in the top, and on the side a strap to hold jars upright); wallet or billfold, preferably with two windows (one for an identification card and one for a pass) and a coin pocket.

Service women yearn for Christmas presents of lingerie, pretty, frilly, and as non-G.I. as possible; sheer stockings; play clothes; the kinds of canned goods that are "luxuries" to them.

This Cream Gives You a Younger Skin

By RUTH MUGGLEBEE, Beauty and Fashion Editor

AS A CUB REPORTER some years ago we learned that names make news and the bigger the names the better the news and the greater interest in the story. So when a woman . . . whose genius for creating beautiful costumes comes from her unmistakable awareness of composite beauty . . . finds a new facet for expression of the talent so apparent in her originals in the creation of cosmetics . . . we feel her products have a message of beauty for women.

Since beauty is her business" . . . the presentation of her cosmetics came only after intensive study and scientific research . . . inspired by her insistent demand for preparations that . . . like her clothes . . . "do something for a woman." There is nothing frivolous about her creams and lotions for they are dedicated to the serious purpose of helping you capture and hold your rightful share of beauty through the years.

"How can I have a younger looking skin?" That has been woman's hue and cry for many years. So today we'll concentrate on her active ingredient cream . . . a super emollient cream that contains highly purified estrogenic substances that help nature replenish the failing supply of that natural substance which contributes to the vital youthful appearance of the skin. We're a stout believer in active ingredient creams . . . since we feel they actually are absorbed beneath the skin's surface to become the scientific equivalent to nature's own rejuvenating agent.

RENEWED INTEREST IN LIFE

And that's just what this cream is . . . a blended superior emollient containing 24,000 international units of highly purified estrogenic substances to encourage your skin to take on a more radiant, youthful appearance . . . this making it possible for you to wear fashions in hats that were once too revealing and severe for you . . . to turn back the pages of years for a renewed and more youthful interest in life commensurate with new-found facial sparkle.

Look about you. Some women of 40 have young skin . . . others old skin. Yet a pretty skin is almost as easy to acquire today with this new scientific cosmetic discovery as a new hat. The world looks to America for its loveliest women . . . and here it finds them. That's because the American woman will not be daunted by years, nor the demanding trials of life nor the limitations of natural endowments in her determination to be youthfully lovely of face and figure. This active ingredient cream must be used daily . . . over the throat . . . the face and the eye area, too . . . for the resultant all-over picture of radiant facial charm.

For the name of this perfectly balanced active ingredient cream for a younger skin, phone the Beauty Dept., LIberty 4000, or write me, care of the Boston Evening American, inclosing a stamped, self-addressed envelope.

HAVE YOU often wondered why the smart woman looks so smart? There's really nothing to wonder about . . . for usually she's the one who pampers her complexion with the tenderness of a mother's devotion to her new-born babe . . . who avails herself of cosmetic science's newest discoveries . . . like the active ingredient cream we discuss today. Warner Star Ann Sheridan has facial verve . . . the kind that comes from youthful look.

Acquire Soft, Gentle Voice

By BEATRICE FAIRFAX
Famous Authority on Problems of Love and Marriage

DON'T stop for anything, ladies, but rush to the nearest voice culture school and have the "nerve killed in your voice," as our English sisters accuse us of having in our methods of speech.

The reason for this will be found in a glance at the picture of Iva Toguri, "Tokyo Rose," a square-faced Nisei, stocky, bespectacled young woman of 30 who tried to woo a number of homesick men into giving up the fight. Her voice was heard from Melbourne to Manila, but she stands for one of the most amusing arguments against television. If the men in their foxholes could only have seen the dame with the sexy voice, probably they would have given her more Bronx cheers than they did.

She was born in Los Angeles and was graduated from the University of California in 1939. Her family operates a small grocery store on the North Side of Chicago. And "Tokyo Rose," who tried her hand at aiding and abetting treason by her broadcasts, now has the effrontery to say she didn't mean a thing by them. They were given in the spirit of good, clean fun to amuse the American soldier.

Voices have magic in them, no denying that. Take Mrs. Roosevelt, for instance. Her voice was anything but pleasant when she came to Washington as the wife of the President. It was too high, it had no chest tones. But, working constantly with a voice teacher, she achieved a kindly, motherly voice with a smooth delivery.

Clare Boothe Luce has had too many gifts from the gods. In addition to being a beautiful woman whose great intelligence has never been questioned, she has a voice which makes her one of the outstanding women speakers of the country. Don't hesitate; have your voice cultivated.

'Mention' It

"Don't mention it" is an awkward way to reply to a person's "Thank you." The good old reply is still the pleasantly appropriate reply . . . "You're welcome," or "You're very welcome." Or, on occasion, such acknowledgment as, "You're very welcome, Betty . . . I was delighted to be able to be of help."—MRS. BEECKMAN.

Accent on Sleeves

By BETTINA BEDWELL

MANY DRESSES that are fashion leaders this fall have all the style accent on their sleeves. Some do it by taking on new shapes, some do it with both, like the dress that Jo Copeland dreamed up and Miss Dubin has sketched today.

This dress has sleeves that are pure enchantment, for they are softly ballooned out between shoulders and elbows, and in addition they come in chevron stripes of black velvet between bands of pastel blue and chartreuse yellow. They are push-up sleeves.

The dress body of black crepe is slim and uncomplicated to set off the sleeves. Black velvet circles the neckline and makes a slenderizing strip down the front.

Fire Prevention Week Hits Stride

Fire Prevention Week in Boston, which opened with a colorful parade of the city's fire-fighting personnel and equipment, and demonstrations on Boston Common, was in full swing today.

During the week prominent speakers will inform the public in radio and platform talks of the terrible annual fire toll, and give detailed instructions on effective measures for fire prevention.

N. E. Fliers Live After B-29 Crash

SAN FRANCISCO, Oct. 8 (AP) Fourteen of the 20 airmen who parachuted from their B-29, Miss-Hap, into the ocean 300 miles off San Francisco Saturday morning are safe at Letterman Hospital here today.

The 15th survivor, Capt. James M. Moore of Granite Falls, N. C., commanding officer of the plane, is expected to arrive here this morning. Three of the fliers were drowned in the heavy seas and two are missing.

Among the 14 brought here by the Brownsville were Lt. Clifford Lamb, Endicott, N. H., and Lt. James C. Small, Sheffield, Mass.

Busy Season for Club

By BETTY ALDEN

A BRISK FALL SEASON is forecast for the Women's City Club under the able direction of Mrs. Alice Dixon Bond, who is entering her third year as president.

Visiting authors will be guests of the club at a luncheon, Tuesday, Oct. 16, at 12 o'clock.

The speakers include Edna Lee Booker, author of "Flight from China"; David Cohn, author of "Combustion on Wheels"; Josephine Pinckney, of "Three O'Clock Dinner," and Louise Reid Spenser, who wrote "Guerrilla Wife." Ogla Owens will be mistress of ceremonies.

Dr. Herbert Gezork of Andover-Newton Theological School will speak at the club Friday, Oct. 19, at 8 p. m., on "What Lies Ahead For Europe." Dr. Gezork, formerly Christian Youth leader in Germany, was in Europe from May to September this year on a special United States government mission.

Mrs. Frank H. Stewart and Mrs. Henry L. Higginson are co-chairmen of the activities committee for the club this season. Other important committee chairmen are Miss Kathryn Sherman, Mrs. Louis E. Phaneuf, Mrs. George Lytton, Mrs. Phister Cowin, Mrs. Lorenz F. Muther, Mrs. W. Stewart Whittemore, Mrs. C. L. Payzant, Mrs. Roland M. Baker and Miss Frances G. Curtis.

* * *

THE OCTOBER meeting of the Simmons Club of Boston will be held at the College Club, 40 Commonwealth ave., on the 17th at 6 p. m. Mrs. Francis Archibald, president of the club, will greet members and guests.

She will be assisted by Margaret Tatro, Priscilla Ripley and Mary Logan Canavan of the membership committee as hostesses.

Speakers will be Mildred Korzetz, graduate of the English School, now publicity director of the station WTAG, Worcester; Anna Hanson, graduate of the Business School, now director of placement at Simmons College; Emily Bissell Houghton, graduate of the Home Economics School now general secretary, Traveler Aid Society, Boston, and Margaret Wilson, now a senior in college and president of the Student Government.

* * *

THE VASSAR CLUB of Boston will hold its first fall meeting tomorrow evening at the College Club at 6:30 o'clock. Mrs. John W. Perry, president, will be in charge of the meeting, the theme of which will be "Reconversion of College Graduates."

Those taking part in the Post-War Home Front Forum discussion will be Dorothy Hewitt, founder and present director of the Boston Center of Adult Education; Elizabeth Howe Page, principal of the Margaret Thacher School at Milton Academy, and Florence Clothier Wislocki trustee of Vassar.

UNRRA Plans Drive For Tinned Foods

Great-Great-Granddad Weds

MIAMI, Fla., Oct. 8 (AP)—Attended by his children, grandchildren, great-grandchildren and great-great-grandchildren, J. L. Wright, 79, took a bride—and fumbled the ring.

Five generations gathered at the church of the Latter Day Saints to see Wright, oldest living member of a pioneer Florida family, exchange vows with Mrs. Myra A. Hovey, 76.

His daughter, Mrs. Belle Albury, reported he was nervous as the traditional bridegroom.

Wright, whose first wife died five years ago, has five children, 32 grandchildren, 84 great-grandchildren and seven great-great-grandchildren.

Hollywood Folds Under Heat Wave

HOLLYWOOD, Oct. 8 (AP)—The hottest thing in Hollywood last week—aside from the 7-month-old strike, which erupted in flying fists, spouting fire hose and choking tear gas among massed pickets and policemen—was the weather.

When the mercury went up to 101, highest of the year, production of "Take This Woman" was closed down. Teresa Wright, in heavy coat and furs for an outdoor winter scene under a scorching tarpaulin, couldn't take it

Rita Hayworth and Glenn Ford sweltered through a torrid tango for the cameras. Ethel Barrymore perspired under blankets for a bedridden invalid portrayal, while on the same picture Dorothy McGuire, lucky gal, performed in artificial rat nand machine-driven wind.

Rockingham Park Opens Meeting; Trains to Track

By JACK CONWAY

ROCKINGHAM PARK today once more feels the breath of life that is caused by the steady hoof beats of fine thoroughbred race horses. The heavy, rich green of its lawns is restful to the men and women who like to get into the country far from the noise and grime of city streets. The dancing leaves of gold, red and yellow soothe one's nerves as a pleasant breeze carries the fallen leaves along the countryside.

Horsemen who frequently gripe over insignificant things when at great race tracks of steel and concrete act as if on a holiday. The Saratoga of New England makes them forget their personal worries and gives them the mental and physical lift they need to carry on to new triumphs on the turf.

Lou Smith

The road north to Salem, N. H., is always inviting in the Fall. It is more of an excursion into the wide open places where the air is clear and crisp and the scenery entrancing than a journey to a place where folks wager money on the result of horse races.

Down through the years Rockingham Park has always had a sentimental appeal to the New England public. It was there that Lou Smith established legalized pari-mutuel betting in New England and where the pattern was set for the proper conduct of the sport. Rockingham Park has never tried to gain any special social standing in the world of racing. It has been a place where the best available thoroughbreds have competed and where the patrons have been just folks.

Lou Smith and Mrs. Smith have always held open house for the people who have patronized their overgrown country race track. You may usually find both of them in the vicinity of the runway leading from the grandstand to the clubhouse or in front of the Administration Building.

One does not need a letter of introduction to either of them. They have always tried to give every possible consideration to persons who have talked with them on some special problem.

★ ★ ★

Liked by Horsemen

LOU SMITH is liked and respected by horsemen as well as by the public. Both groups know Lou insists on the best in racing. He personally supervises everything at his race track. He makes certain that the proper kind of races are offered, and that cliques do not take over the control of things.

Smith is the first person at Rockingham Park each day and the last one to leave. This is one of the chief reasons things go so smoothly at the New Hampshire track. Lou, if he wished to do so, might say he planned it that way.

Don Fair, the turf expert and race caller, tells one of the most unique stories I have heard about Lou.

It was during the fall meeting a year ago. Lou had invited Don to write his story in his private office where he could get away from the noise of the press room.

While Don was writing, someone entered Lou's office.

"I would like to borrow $200," said the person.

Without asking a single question, Smith handed the person $200.

After the party had left, Lou turned to Fair and asked:

"Who was that fellow?"

"I didn't look to see," replied Don, "and I didn't recognize the man's voice."

"He must be a horseman," said Smith with a chuckle as he turned to talk with another visitor.

Lou Smith will never have personal riches as he has never been able to turn down anyone asking a loan who had a good story, but he will always have a million dollars' worth of good will and countless friends.

Return of Trains

THINGS MANAGE to even up in life if one has the good fortune to live long enough. When special trains to race tracks were stopped, Rockingham Park was in operation and for a time it was not certain the track would be able to keep going, but it did. And today as special trains to race tracks return the old 'Rock is once more in operation.

The train will leave the North Station daily at 12:01 noon and it will arrive at the track in plenty of time for the first race which has a post time of 1:15 p. m. It is planned to have the eighth race over at 4:30 p. m., which will get the racegoers home by 5:30 p. m.

Lou Smith and the racegoers are both pleased by the return of the trains. The trains assure the success of the meeting and will also furnish comfortable transportation. In the trainless days, may racegoers spent hours of precious time getting to the races and back home.

The Rockingham meeting will last six weeks. By that time the trees wil be bare, and the mountain sides will have lost most of their coating of green. The horsemen and race track followers will be thinking of the white sands of Florida and the refreshing breezes that sweep across Biscayne Bay off Miami.

This moving from place to place with new scenes and new hopes is what makes racing so popular apart from the thrills and excitement of a perfect start under the direction of Bob Frend, or a driving finish that sends three or four horses across the mythical wire at the finish line as if they were only one.

Majors Deny Chandler Payoff-Ouster Planned

CHICAGO, Oct. 8 (AP)—Big league baseball club-owners, after a hurried meeting today announced "there is no basis" for reports that they are so dissatisfied with commissioner happy Chandler's administration they are considering buying up his contract.

Bringing into the open frequent rumors of the past several weeks of the past several weeks of growing dissension between club owners and the commissioner, the club representatives got together to talk the thing over.

"There is no basis of fact to the story," they announced afterward, referring to one published item last night that there is a move afoot to pick up the seven-year, $50,000-a-year contract given to Chandler when he was named czar of baseball last spring.

Chandler, reached for comment this morning by newspapermen, said he knew nothing about the reported move, but asserted "I have a seven-year contract locked in my safe in Kentucky."

There has been some dissatisfaction is unknown. Most recent difference of opinion, according to American League President Will Harridge, came at the pre-series meeting in Detroit last Wednesday when Chandler proposed increasing the salary of series umpires from $2,500 to $4,000. The $2,500 figure is set by baseball law and can be changed only by a vote of the 16 major league owners.

Arriving at Wrigley Field for the sixth game of the series, Chandler would not discuss the pre-series Detroit meeting or the proposed increase in umpires' pay for the fall classic.

Asked about the rumor of a move to buy up his contract, the U. S. senator-commissioner said: "It's a good contract; maybe I won't sell."

National League President Ford Frick appeared at Chandler's box back of the plate, shook hands with the commissioner and handed him a typewritten sheet of paper, presumably the statement of the club owners.

Evidence of discord in the ranks stirred through the sixth game of the World Series today, partly growing from a pitch Chandler made for higher pay for arbiters in the fall classic at a pre-series meeting of league presidents and umpires in Detroit last week.

Harridge allowed that this umps' pay angle was one basis for the dissention. National League President Ford Frick declined to comment.

Chandler declined any comment on the reports he had proposed a pay increase for series umpires or that any dissension existing between him and the ball club bigwigs. However, a spokesman had said earlier that he had heard Chandler "discuss the matter" and predicted the Kentucky Senator would have something to say publicly.

Harridge declined to be drawn into a discussion about a rumor that has been going around to the effect that the leagues would buy up Chandler's contract. To do this would cost in the neighborhood of $350,000.

In connection with Chandler's bid for more money for Series umpires, it was recalled that Umpire Ernie Stewart of the American League was given the door "for the good of the league" last summer.

Later, Ernie expressed the belief that he was let out because at the suggestion of Chandler, he had sounded out other umpires about seasonal salary. At that time Chandler was asked about Stewart's statement. The commissioner replied that such difficulties were American League business.

Chandler wields the same authority and control over baseball that the late Commissioner Kenesaw Mountain Landis did. He receives the same salary, $50,000 a year, under a seven-year contract, which was voted him upon his appointment last spring following Landis' death on Nov. 25.

Mine Removal Aided By Series Broadcasts

HEADQUARTERS, PANAMA CANAL DEPARTMENT, Oct. 8 (AP)—The World Series has spurred submarine mine removal activity by seagoing soldiers of the Panama Coast Artillery Command clearing the Pacific gateway to the canal.

Crews of coast artillery mine planters were promised afternoons off to listen to the baseball broadcasts if they raised the day's quota of underwater explosives by noon. The boys have heard all five games to date.

Philly Youngster, 3, Tries Gate Crashing

PHILADELPHIA, Oct. 8 (AP)—Three-year-old Herman Hause, Jr., is Philadelphia's youngest gate-crasher.

He was walking under the turnstiles when police halted Herman and took him to headquarters.

Two hours later, his father arrived at the police station to report his son missing. The tiny fan, sitting on the sergeant's desk, said:

"Hello, pop. They wouldn't let me in to see the game."

Discharges Threat To Ace Army Nine

YOKOHAMA, Oct. 8 (AP)—The Eighth Army Chicks have won 46 consecutive baseball games, but Manager Ken Silvestri is worried.

Of 16 players on the squad that piled up that record, 11 have amassed enough discharge points to go home this month or next. Among them is Al Flair, first base.

Football Weather for Series Go

WRIGLEY FIELD, CHICAGO, Oct. 8 (AP) — There was some excellent football weather served up for a baseball game in this ivy-covered ball park today, and as a result the customers weren't in any hurry to turn up for the sixth game of the 1945 series.

Although not as biting as for the series opener in Detroit last Wednesday, the mid-morning temperature at this ballyard was in the low 40's. Clouds sailed overhead and a half-speed wind skimmed across from the left-field corner to the right. Showers had been predicted too.

The Tigers were a narrow 10 to 11 choice to wind it up today.

The cold appeared to have affected the band, too. When the musicians marched in through a gate in the left-field wall at the place of seven bare-kneed drum majorettes at the head of the parade was held down by one drum major, complete with long, warm trousers.

As the band went through its marching antics across the outfield lawn, the first of the Cubs drifted out from their dressing quarters and began to go through antics of their own in the batting cage, with corpulent Coach Red Smith serving from the mound.

A cold sun worked its way through the clouds about this time, but it wasn't friendly about it.

By 11:45, all the Cubs were scrambling around the field and taking turns in the hitting cage, and the Tigers were loosening up in front of their dugout.

Manager Charley Grimm announced, as he appeared on the field, that Roy Hughes, injured before yesterday's game, would be back at shortstop for the Cubs in place of Len Merullo who held down the short field yesterday after a batting-practice line drive from Rudy York's bat crashed into Hughes' ankle.

At the same time, manager Steve O'Neill said if a seventh game is necessary, teh Tiger pitcher would be either Paul Trout, five-hit winner of Saturday's game, or Lefty Stubby Overmire, who lost Friday's game.

Grimm said he would not decide his Wednesday pitcher until he is sure the series will go that long. However, it was assumed he would come back with Hank Borowy, who won the opening game and was clubbed in yesterday's tussle.

Among the early batting practice wallopers to find the range was Bill Nicholson, the Cub right-fielder, who put two in a row over the right field wall.

Whos Is Hub Police Boss—McCarthy or Col. Sullivan?

A new low in the operation of a press box was reached at the Yanks-Redskins game at Fenway Park yesterday. A Boston police officer had charge of deciding who had the right to go into the press box.

When questioned as to whether he was a member of the Boston police department or an attendant for the Yanks at Fenway Park, the person who was dressed in the uniform of a police officer said:

"I am a police officer."

Then questioned as to who his boss was, he replied, "Billy McCarthy." He said he was not subject to orders from Arthur Sampson, general manager of the Yanks.

During a period of a crime wave in Boston, it would appear that Col. Tom Sullivan who has said repeatedly he is in need of extra police officers, should see that members of his department are doing actual police work and not checking on persons entering press boxes at football games.

Under police regulations, members of the Boston police department have no right to be private employes of ball parks or football organizations.

Billy McCarthy is a resident of New York who has been arranging football games at Fenway Park. It is not believed that Mayor LaGuardia of New York furnished McCarthy with a special New York police detail for the Fenway Park press box. It is, therefore, likely that the person dressed in a police uniform who was in the press box, was one of the men over whom Col. Sullivan, rather than Billy McCarthy, has supervision.

Boston American, Oct. 8—41

Yanks Appear Like Grid Title Winners

By HUCK FINNEGAN

Detroit Tigers for the world baseball championship, Boston Yanks for the Eastern division football championship. That was a popular parlay today after the Yanks' smashing 28-20 victory over the Redskins at Fenway Park before 22,000 rain-spattered customers.

The Yanks are leading the eastern division with two victories and no defeats. They whipped the Pittsburgh club 28-7 in their debut, dropped an exhibition to the Philly Eagles before meeting George Marshall's Redskins. Few, except Coach Herb Kopf, expected them to outscore Sammy Baugh and Co.

"We lost to the worst team in the league," grinned Redskins' Turk Edwards. "Perhaps," retorted Samuel Adrian Baugh, "but until we beat them we're the worst team in the league."

Baugh thought the Yanks were great. "They outcharged us in the line, outsmarted us and outplayed us," he admitted. "Rain? No. That didn't make any difference. It rained on them as well as us, didn't it? They were just too good . . . today," he added, thinking ahead to the next game.

"The Yanks' line was outcharging ours," said Redskins' coach Dud DeGroot. "They got intelligent signal-calling (Bob Davis) as well. They mixed up their running and sharp passing smartly. Grigas, Manders, Davis! How they can carry the ball."

DeGroot extolled linemen Masterson, Sergienko, Lio and Fiorentino. "They know all the answers," he said. "The Yanks will be hard to knock off after this start."

"They practiced enthusiastically all week," Kopf admitted.

This was no sinecure. Baugh passes as well in the rain as he does on a dry field. He proved he's the greatest passer in history in the final period when he passed from his own end zone on fourth down and made it. He passed again from his own 27 and made it. From there on the Redskins went all the way to their third touchdown.

"Why give up the ball?" Baugh challenged. "Might as well get licked by a big score as a small one."

There was no scoring in the first period despite Baugh's run from his own 39 to the Yanks' 27 —a 34-yard scamper. Late in the period Seymour intercepted a Cafego pass on the 32, and early in the second period Baugh passed to Bagarus in the slop of the end zone for the touchdown.

The Yanks came back quickly. A 70-yard march, featured by a Davis 29-yard run, a Grigas rush, a Manders jump pass to Ramspot, and a Manders bull-like rush squared the count. Lio kicked the Yanks ahead.

In the same period a Gudmundson-Currivan pass that ate up 42 yards was good for the Yanks' second score, and they never trailed from there in.

Giants in New York next Sunday . . . Herb Kopf attended the NY football writers' luncheon today . . . Ted Collins and Kate Smith helped Denis Delaney and Swede Nelson christen the Yanks' Marching and Chowder Club headquarters at the Parker House after the game. Drop in sometime . . . Bagarus, just out of the Army, played a bang-up game for the Redskins. "Wish I could have used De Correvont more and Doolan," said De Groot, "but they haven't been with us long enough to know the set-up." . . . Manders was terrific . . . And the local TD touch was provided by those 1942 HC-BC foes, Grigas and Currivan, now buddies . . . Gudmundson's TD pass to Currivan and his coffin corner kick had the artist's touch. And how did you like Ned Matthews?

Service Teams, Irish on Top

In peace as in war the Army and Navy led the nation today by producing the outstanding football teams.

Notre Dame and Southern California were right on the heels of the service teams though.

Using the T formation the service teams walloped their opposition. Navy was impressive with its 21-0 victory over Duke, which was considered one of the best teams in the South. Navy was really on the offensive only 10 minutes of the game, but the sailors struck and scored when the opportunities presented themselves.

Army beat a good Wake Forest team, 54-0, and will take on Michigan this Saturday, in Yankee Stadium. The Cadets put on the brakes against Wake Forest but undoutedly will use their full force against Michigan, and that doesn't spell "well done" to the Michiganders.

Notre Dame, which has been wailing that it was without any talent whatever and handicapped by a new coach, stepped down to Atlanta and gave Georgia Tech a 40-7 beating. Notre Dame has all the stuff this year, including a new coach.

Ox Da Jrosa Braso, coach of Holy Cross, put Stan Koslowski into the field against Yale and Stan lived up to his press clippings. Holy Cross beat Yale, 21 to 0. It was the first time in 21 years that Holy Cross has beaten Yale.

Penn scored a 12-0 victory over Dartmouth and was credited as lucky because of fumbles by the big Green.

St. Mary's Preflight went down to defeat, 26-0, before Southern California and California thumped a strong Washington team 27-14.

FitzGerald Balked Developing Latin

By MIKE GILLOOLY

Boston Public Latin School, the oldest educational institution in the country (it celebrated its tercentenary 10 years ago), is the only high school in the city ranks without an assistant football coach. That's one of the reasons why Coach Charlie FitzGerald had to cancel its opener against St. Marks and that's one of the reasons why Coach FitzGerald was "amazed" at his team's 6-2 victory over Roxbury Memorial last week.

There's a possibility that one of the two aides will be on hand shortly but meanwhile there's an important tussle coming up with neighbor Commerce Thursday afternoon at Camp Edwards.

Latin could use a pair of assistants. As Coach FitzGerald points out, there's such a rapid turnover in candidates from season to season that he can't depend on any of the boys to come back. This year, he lost his most promising back (Eddie Ardolino) to rival English and he hasn't a full-fledged veteran back with the squad. And, too, there are two seniors playing first string who never reported for football before.

That's why Coach FitzGerald has to resort to such extensive quarterbacking on the field. His stalling tactics—lamed players on every play and intentional safeties, as against Memorial — are well known in the coaching ranks.

Of course, there are always injuries to add to the mentor's bed of thorns. For example, co-Capt. Dick Vokey, Mr. Jinx himself, is again on the sidelines. In 1943, Vokey, then a center, broke his ankle. Last fall, he broke his arm in the second game of the season. This season, he cracked a finger while changing a tire.

When Vokey does return (which may be this week), he may be shifted to his old slot at center. He aspired to be a ball carrier but this present crew of Jim Dillon, 135-pound mastermind, co-Capt. Bill Greeley, 155-pound scat-back, Dave Gilbert, 140-pound senior punter, and Dick Curran, 140-pound speedster, may force the co-captain to stick to his pivot post.

Gilbert and Curran, both green, came over from the track squad. Gilbert was Reggie hurdles champion. Curran took over the 440-Reggie title.

Latin's injured co-captain may alternate in the line until Greeley moves into the Navy, Nov. 1. But Coach FitzGerald has found that Senior Jim O'Neil, out for the first time and the basketball captain, has been coming along nicely while flanked by Sophomore Paul "Mike" Mabry and Senior Jim Collins, another first year man.

Latin's tackles will be well taken care of by Alan "Rocky" Stone, 220-pound senior, who played some last year, and John Dempsey, 180, and a senior with a smattering of experience. The Purple's ends will be Larry Mintz, 160, and Ed Murphy, 170, until such time as Bill Alberti's trick knee rounds to form. And then the three-way battle will be on again.

Other Latin players who will see action this fall include ends—John Devereaux, Dave Donaghue, Gene Leahy; tackles—John Gallagher, George Chippendale, Dick Early, nephew of the baseball pitcher, Tom; guards—John O'Donnell, Warren Ingalls, George Holland, Bob Fall, Gene Lentini, Warren Gagan (Dennie Gildea's nephew); centers—John Doyle, Bill Cronin; backs—Joe Cataldo, Sheldon Seevak, Art Garcia, Charlie Connors, Dick Thomas, Bob Tomasello, son of the judge, Gil Phinn and Bob Hart.

Latin's schedule, after Commerce, lists: B. C. High, Oct. 19; Dorchester, Oct. 26; Trade, Nov. 2; Technical, Nov. 16, and English, Thanksgiving Day.

TODAY A YEAR AGO—Cardinals beat Browns 2-0 and took 3-2 edge in World Series.

THREE YEARS AGO—Big leagues will make the three road trips instead of four in 1943 because of transportation difficulties, it was disclosed.

FIVE YEARS AGO—Reds, behind Paul Derringer, defeated Tigers, 2-1, to win World Series, four games to three.

TEN YEARS AGO—Tigers won first World Series by defeating Cubs, 4-3, for four games to two.

Eagles Prepare for New York U. Battle

Boston College got down to practice today after the 51 to 6 beating it took from Brown last Saturday. In that game quarterback Ed Cronin suffered a minor injury when he hurt his right ankle, the same one that was broken last year. Armand Longval, who sustained a minor concussion, was expected to be well enough today to report.

The Eagles play their next game with N. Y. U. on next Friday afternoon at Fenway Park.

$75,000 Classic Next for Busher

INGLEWOOD, Cal., Oct. 8 (AP)—Busher, the phenomenal filly, performed like a piece of precision machinery to capture the $25,000 handicap at Hollywood and move into seventh place among all-time money champions.

Now the Louis B. Mayer horse has her eye on the $75,000 Gold Cup, closing day classic Oct. 20, and a win in the mile and a quarter race would move her up again among the all-time first 10.

It was the chestnut queen's 15th win in 20 starts. The victory was worth $17,445 and increased her total in two seasons to $334,035.

Bucky Harris Seen Tigers Top Man

CHICAGO, Oct. 8 (INS)—Bucky Harris, manager of Buffalo of the International League for the past two seasons, was slated today to become general manager of the Tigers if Jack Zeller resigns

Zeller has offered to go into retirement and return to Dallas, Tex., because of ill-health, but Walter O. Briggs, owner of Detroit, has refused to accept his resignation.

Zeller's decision was supposed to have been announced after the World Series, but the report that Harris would take over the job leaked out last night. Harris, a son-in-law of Clark Griffith, owner of the Washington Senators, formerly piloted the Senators, Red Sox and Phillies.

Cesario Heads Mechanics Card

The spotlight will be sprayed on Johnny Cesario, North End welterweight, tonight at Mechanics Building when the Andy Callahan A. C. unfurls another boxing program consisting of four 10-round bouts.

Cesario, who may have stablemate Willie Pep in his corner, bumps into Ceferino Bronco, a capable Fall River boy. Cesario has won 35 straight professional fights. Under the management of Lou Viscusi and Bill Gore, Hartford, he's improved so rapidly that he's now regarded as the best prospect displayed by Matchmaker Sam Silverman at Mechanics Building.

Bronco recently stopped the win string of Bally Carrubia which had reached 29 in a row. Now he's determined to detour Cesario, who recently kayoed Oscar St. Pierre in five heats.

Cesario will have difficulty holding the spotlight with Tommy Moore, South Boston, fighting Bobby English, Fall River, in a return bout; Fred Camuso, Fall River, battling Broadway Johnny Jones, Pittsburgh, and John Henry Eskew, Brockton, exploding his dynamite biff the concrete chin of Bill Johnson, New York, who has appeared in Madison Square Garden. All fights on the Callahan A. C. are scheduled for 10 rounds.

Moore and English recently put on a fiery 10-rounder at Mechanics Building which the customers felt should have been a draw. Moore, however, took a split decision and English is looking for revenge against the popular Southie featherweight, whose cheering section will be headed by the famous Joe "Hambone" Kelly.

FIGHT PROGRAM TONIGHT

Johnny Cesario, North End, vs. Ceferino Bronco, Fall River, 10 rounds.
Tommy Moore, South Boston, vs. Bobby English, Fall River, 10 rounds.
John Henry Eskew, Brockton, vs. Bill Johnson, New York.
Fred Camuso, Fall River, vs. Broadway Johnny Jones, Pittsburgh, 10 rounds.
First bout at 8:30.

GREENBERG HITS HOMER IN 8TH

By JOE CASHMAN

WRIGLEY FIELD, CHICAGO, Oct. 8 — The sixth and possibly final game of the 1945 World Series between the Detroit Tigers and Chicago Cubs opened in clear but near-freezing weather before the sixth capacity crowd to attend this engagement today.

A victory for the Tigers would end the classic and send the world's championship to Detroit for the first time since the Bengals beat the Cubs in six games 10 years ago this fall.

The Cubs, who haven't gained a world's title since they beat the Tigers in 1908, could even the series count at three-all and bring about a seventh game on Wednesday by taking this one.

Standing between the Tigers and the larger slice of one of the richest of World Series melons was Claude Passeau. He is the 34-year-old right-handed veteran, with the fragile arm, who gave the greatest World Series pitching exhibition ever in fashioning a one-hit shutout in last Friday's game.

Standing between the Cubs and a seventh game, and possibly ultimate victory, was Virgil "Fire" Trucks, 26-year-old bullet-baller out of the Navy less than two weeks, who blinded the National leaguers, 4-1, in the second game.

They oozed confidence as a result of winning two in a row here after losing two out of three on their own Briggs Stadium.

And they seemed to have the best of the pitching arrangement.

Trucks, young and strong, had a three-day rest under his belt, more than he needs.

Passeau, with an arm that bothers him even when he's invincible was coming back on a very chilly afternoon after only two days off. He never once worked with such a short rest during the regular season. On the contrary, he usually had four days between starts.

Roy Hughes, sidelined in the Sunday game when struck on the ankle by a Rudy York foul in pregame practice, was back at shortstop for the Cubs.

As the early birds began to trickle into the park there was a story circulating around the Windy City that the big league magnates had become fed up with Senator Happy Chandler as baseball commissioner, would pay him off some $350,000 for the 6½ years he has to go under his contract and would name a new czar.

Play-by-Play

FIRST INNING

TIGERS—Johnston threw out Webb. Mayo flied to Nicholson. Johnston threw out Cramer. NO RUNS.

CUBS—Hack walked. Johnson sacrificed. York to Mayo, who covered first. Lowrey flied to Cullenbine. Webb threw out Cavarretta. NO RUNS.

SECOND INNING

TIGERS—Greenberg flied to Lowrey. Cullenbine walked. York doubled to right-center, Cullenbine stopping at third. Outlaw was purposely passed, filling the bases. Richards walked, forcing Cullenbine over the plate. Trucks popped to Hughes. Webb hit to Hughes who stepped on second, forcing Richards. ONE RUN.

CUBS—Pafko singled to center. Nicholson fouled to York. Livingston forced Pafko at second, Mayo to Webb. Webb threw wild past first but Livingston was out trying to reach second, Richards to Webb for a double play. NO RUNS.

THIRD INNING

TIGERS—Johnson threw out Mayo. Cramer popped to Cavarretta. Hughes threw out Greenberg. NO RUNS.

CUBS—Hughes struck out. Passeau struck out. Hack singled to center. Johnson flied to Cramer. NO RUNS.

FOURTH INNING

TIGERS—Cullenbine was safe on Johnson's error. York fouled to Cavarretta. Johnson threw out Outlaw. Richards was purposely passed. Trucks walked, filling the bases. Webb flied deep to Pafko. NO RUNS.

CUBS—Lowrey took a third strike. Cavarretta singled to center. Greenberg made a nice running catch of Pafko's liner. Nicholson popped to Webb. NO RUNS.

FIFTH INNING

TIGERS — Hack threw out Mayo. Cramer flied to Lowrey. It is starting to rain. Greenberg flied to Lowrey. NO RUNS.

CUBS—Livingsotn singled to center. Hughes beat out a bunt when York fell down fielding the ball, Livingston stopping at second. Passeau hit back to Trucks, who threw wild to third and the bases were loaded. Hack singled to center, scoring Livingston and Hughes, and when Richards let Cramer's throw go through him, Passeau went to third and Hack took second. Mayo held the runners while he threw out Johnson. Lowrey walked, filling the bases. Cavarretta singled, scoring Passeau and Hack, sending Lowrey to third. Trucks was replaced by Caster. Pafko popped to Outlaw. Nicholson struck out. FOUR RUNS.

SIXTH INNING

TIGERS—Cullenbine scratched an infield hit off Johnson's glove. York struck out, Cullenbine stealing second. Passeau badly hurt his hand knocking down Outlaw's liner and throwing him out. It was reported that the nail on the middie finger was torn off. However, he is returning to the game. Maier batted for Richards. Maier smashed a drive off Passeau's glove and beat it out for a hit, Cullenbine stopping at third. McHale batted for Caster. McHale took a third strike. NO RUNS.

CUBS—Bridges and Swift were the new Detroit battery. Livingston got a double on a pop to left which Greenberg came far in for and dropped after getting it in his glove. Hughes doubled over first, scoring Livingston. Hughes was out stealing, Swift to Webb to Outlaw when Passeau missed hunting. Passeau lined to Mayo. Webb threw out Hack. ONE RUN.

SEVENTH INNING

TIGERS—Hostetler batted for Webb. Hostetler was safe on Hack's fumble. Mayo rolled out to Cavarretta. Cramer singled to left but Hostetler fell down trying to score and was out, Lowrey to Livingston to Hughes, Cramer going to second on the throw to the plate. Greenberg walked. Cullenbine singled to center, scoring Cramer. Passeau was taken out. Wyse now pitching for the Cubs. York singled to left, scoring Greenberg, Cullenbine stopping at second. Outlaw forced York, Johnson to Hughes. TWO RUNS.

CUBS—Hoover went to short for the Tigers. Johnston struck out. Lowrey singled. Cavvarretta walked. Pafko flied to Greenberg. Nicholson walked, filling the bases. Livingston walked, forcing in Lowrey. Benton replaced Bridges. Hughes smashed a hit off Benton's glove, Cavarretta scoring. Wyse struck out. TWO RUNS.

EIGHTH INNING

TIGERS—Swift walked. Walker batted for Benton and doubled to right, Swift stopping at third. Hoover was safe on Hack's fumble, Swift scoring. Mayo singled to left-center, scoring Walker and Hoover went to third but Mayo was out trying to stretch it. Pafko to Johnson. Wyse was taken out and replaced by Prim. Lowrey made a diving catch of Cramer's short fly, Hover scoring after the catch. Greenberg hit a home run into the left field bleacehrs. Hughes threw out Cullenbine. FOUR RUNS.

CUBS—Trout now pitching for the Tigers. Hack walked. Johnson sacrificed and was out, Trout to Mayo who covered first. Mayo threw out Lowrey. Hack taking third. Cavarretta flied to Greenberg. NO RUNS.

Maj.-Gen. Miles Quits Command

BULLETIN

Pending action on his retirement, Maj. Gen. Sherman Miles has relinquished his command of the First Service Command and has been succeeded by Brig. Gen. William C. Crane, it was announced today. Brig. Gen. Crane will continue as commander at Ft. Devens as well for the time being.

Harvard Tackle Has Broken Leg

Chester Pierce, Harvard's 211-pound tackle, is out for the season with a fracture, Coach Dick Harlow disclosed at today's football writers' luncheon at Hotel Kenmore.

Pierce, a colored boy from Long Island, was Harvard's best lineman. He played all but two minutes of Saturday's losing game with Tufts.

Fullback Bob Cowen and end Rod Perkins also were bruised so much in the Tufts game that they may miss this week's game with Rochester, it was learned.

Hines Staves Off McSpaden Challenge

TACOMA, Wash., Oct. 8 (AP) —Drama lurked in the towering firs and sun-bathed fairways of Fircrest yesterday as Chicago's affable Jimmy Hines fought back the delayed challenge of Jug McSpaden to win the $10,500 Tacoma open golf tournament by a single stroke with 275 for the 72 holes.

Pocketing first prize, worth $2000 in war bonds, he led the parade of professionals out of Tacoma today toward Seattle, where the $10,250 Seattle open begins Thursday.

Byron Nelson of Toledo, whose game was sour, finished with 283 and said it was his first time over par for a tournament since "sometime in the summer."
